Gettysburg Lions after their weekly meeting Monday evening at the VFW home turned over a check for \$750 to the Gettysburg Community Chest toward its \$20,000 goal in the upcoming fund campaign.

Insurance was the topic for the program for the evening and John Hostetter of the Bankers Insurance Group described his organization, the insurance field in general and introduced key men in his staff.

Describing the insurance business as "one of the most complicated types of business with government controls as an added complicating factor," Mr. Hostetter told the Lions that generally speaking the public is responsible for the insurance rates it is charged.

JURY VERDICTS SET PACE

"One claim in every 120 to 150 is tried in court and the cases settled out of court are based upon the settlements obtained in court so that the public as members of trial juries that set verdicts in damages cases are really the controlling force in setting insurance rates," the speaker said.

He traced the development of insurance companies in this area from the post-assessment mutual formed a century ago and said that now about 59 cents of every premium dollar goes to pay claims. He classed all types of insurance in five general groups, fire, casualty, surety, health and accident and life. Fire and casualty insurance are the chief interest of Hostetter's group.

Key men he introduced included Charles Smith of the production department; Dean Bohner, underwriting; Andrew Kugler, accounting; Herbert Fruehans, statistical; Samuel Small, data processing; claims, Howard L. Hitchcock, and secretarial, Warren Apper.

Mrs. Q. W. Hershey spoke to the Lions in behalf of UNICEF and the upcoming "trick or treat" collection of funds for the world relief agency of the U.N. President David Blosser presided at the meeting.

Declares U.S. Has Best Fleet Of Submarines

WASHINGTON (AP) — "We don't believe it" was the reaction today of a top Navy antisubmarine warfare authority to a Soviet claim that the Soviet Union has the world's fastest fleet of nuclear submarines.

The authority, who did not want to be quoted by name, said the Navy thinks the Soviets have a small fleet of nuclear submarines. But he added: "If they have a submarine up to the state of the Nautilus we'd be surprised."

The Nautilus was the first nuclear submarine. It was commissioned about seven years ago and the Navy since has evolved more advanced models.

The U.S. fleet now has 14 nuclear attack submarines. A 15th will be commissioned shortly.

Thirteen others are in various stages of construction. Also with the fleet is a nuclear submarine armed with 500-mile-range Regulus guided missiles.

An increasingly important element of U.S. striking power is the Polaris submarine, capable of firing atomic-tipped rockets over 1,200 miles. Six of these are at sea or close to combat readiness. Thirteen more either have been launched or are being built.

The Navy has conceded the Soviets the capability to build nuclear submarines, but has not reported sighting any.

One authority estimated the Soviets are between seven and eight years behind the United States—in what he called a rudimentary state of the art.

GIRL IS INJURED

A five-year-old youngster was injured slightly Monday when she dashed on Mt. Rose Ave., York, in front of her parent's home and was struck by a car, police reported.

Tonya M. Landis, daughter of John Landis, York, was treated at York Hospital for multiple contusions and released.

Spring Garden Twp. police identified the driver of the vehicle as Phares Linebaugh, 63, Abbottstown R. 1.

Uses Bat On Board Grudge

ELIZABETH, N.J. (AP) — Fred Babish, 21, walked into the draft board office Monday with a baseball bat and started swinging.

Before he was subdued by patrolmen, he had smashed six windows, ruined several venetian blinds and chased the clerks into the hallway.

Babish told police he had "a grudge against the board."

He was charged with malicious mischief and disorderly conduct.

CITES JUMP IN SCHOOL ROLLS IN GETTYSBURG

Enrollment in the Gettysburg public schools almost doubled in the decade between 1950 and 1960, Superintendent of Schools H. Edgar Riegle told members of the joint school operating committee of the Gettysburg Joint School Board Monday evening at its October meeting.

The increase was from about 1,700 to almost 2,600. This year there are 1,400 pupils in the high school alone.

"These figures help to explain the need for additional facilities and for additional monies to operate," the superintendent observed.

He also pointed out: "It is interesting and informative to know that our state appropriation on the unit basis is based on the figure of \$5,800 per teaching unit. This base has not increased since 1957-58. Costs have increased as we all know and the enrollment has increased. Consequently there is little question as to why it has been necessary locally to raise more funds to maintain and operate schools."

CAUSING FINANCIAL PINCH
"It is the mounting costs and the lack of increase in state help that is causing the financial pinch on the matter of local taxes," Mr. Riegle noted.

Mr. Riegle also traced briefly for the board the four years of planning and red tape required to get the new high school building underway. The site clearing work began last Wednesday but it was on November 24, 1957, that Superintendent Riegle first brought to the attention of the finance and planning committee projected enrollments that showed more high school rooms were going to be needed urgently.

In 1958 the state was asked for forms on which to make application for the beginning of the building project. Building contracts were let and the bond issue sold recently and work has begun with final settlement for the bonds slated to take place October 16.

A final piece of red tape was handled Monday evening by passing a resolution on asking the state for final approval of the cost setup on the new building.

MARKET DECLINES
NEW YORK (AP)—Gains in tobacco and some major shifts in portfolios were features of an irregularly declining stock market early this afternoon. Trading was moderate.

The Associated Press average of 60 stocks at noon was off 30 at 257.80 with industrials down .50, rails unchanged and utilities off 10.

The list was mixed in early trading but gradually displayed an edge to the downside. Changes of most key stocks were fractional. Here and there was a move of a point or so.

United States And Russia Cannot Agree On How New U.N. Secretary Should Work

By TOM HOGE
UNITED NATIONS, N.Y. (AP) — The United States intensified negotiations with the Soviet Union today on an interim secretary-general for the United Nations after Ambassador Adlai E. Stevenson reported "some progress" toward breaking the deadlock.

Stevenson conferred for an hour and 40 minutes Monday with Soviet Foreign Minister Andrei A. Gromyko and told reporters he was "very hopeful some decision can be reached."

"We made some progress with respect to the problem of the secretary-general," Stevenson said as he left the Soviet mission headquarters on upper Park Avenue. Gromyko left later for Moscow.

REDS WANT AIDES
Stevenson was scheduled to see Soviet delegate Valerian A. Zorin this afternoon in what American sources described as a continuing series of talks on the problem of a successor for the late Dag Hammarskjöld.

CLASSROOM TV IS DISCUSSED AT INSTITUTE

Television can be either a useful tool or a costly toy in education, John W. Wentworth, a representative of the Radio Corporation of America, told Gettysburg and Adams County School teachers this morning at the opening session of the final day of their annual institute sessions being held at the Gettysburg High School.

Wentworth said that research has shown that where educators recognize the limitations and advantages of classroom TV, it has brought superior results. Some surveys have shown no significant difference in teaching results with and without TV in the classroom, he added.

He said that teaching by TV places more responsibility for learning on the student and "this properly handled is all to the good," the speaker asserted. He agreed, however, that an hour or two of television in the classroom today is enough and emphasized it is to be used only in conjunction with other teaching skills. He showed slides as he explained the advantages and limitations of classroom television.

McKELDIN TO TALK
A speaker on the first day of the institute had told the teachers that "radio and films did not revolutionize teaching—nor will television." His position was that the individual teacher is still the key to classroom progress.

This afternoon the institute is coming to a close with a business session to be followed by an address by Theodore R. McKeldin, former governor of Maryland.

Donald B. Hudson, Upper Adams superintendent of schools, presided at this morning's session. John B. Macley, president of the Senior Class at Gettysburg High School, conducted the opening program and then Hummel Fishburn and Frank Gullo of Penn State University conducted a musical program that preceded the address. An hour of group meetings followed for the teachers. Superintendent H. Edgar Riegle is presiding this afternoon.

Fairfield Circles To Meet Tonight

Circles of the United Lutheran Church Women, Fairfield, will meet this evening as follows: Circle 1 at the home of Miss Gladys Walter, Circle 2 at the church at 7:15 o'clock to go to the home of Mrs. Dorsey Schultz, 360 E. Lincoln Ave.; Circle 3 at the home of Mrs. George Myers, Circle 4 at the church, Circle 5 at the home of Mrs. Russell Hull, Circle 6 at the home of Mrs. Frank Lowe.

NEW STAMP

The four-cent Sun Yat-Sen commemorative postage stamp, recognizing the founding of the Republic of China and featuring Dr. Sun Yat-Sen, will be placed on sale at the Gettysburg post office Wednesday. Acting Postmaster Charles W. Pentz said. Arranged vertically and printed in two shades of blue, the stamp bears a portrait of Dr. Sun Yat-Sen and the words "Republic of China" in Chinese characters.

PTA TO MEET

The York Springs Elementary PTA will meet this evening at 7:30 o'clock at the elementary school in York Springs. County Commissioner Clarence Waybright will speak on "Who Should Pay for Education" at the meeting.

U.N. FILMS HERE

Films on the United Nations previously reported as available next week have arrived here, the local United Nations observance committee has announced. Organizations which may wish to use the films this week are asked to call Rev. Charles Held, chairman of the U.N. committee. The two films available now are on the UNESCO and a tour of the U.N. building.

FIREMEN TO MEET

The Gettysburg Fire Department will meet Wednesday evening at the Recreation Park dining hall, President E. Glenn Raffensperger announced today. Because of the early darkness the meeting will be held at 7:30 o'clock instead of the 8 o'clock hour used throughout the summer.

FACES CODE CHARGE

Justice of the Peace Robert P. Snyder has sent a 10-day notice to Everett E. Cooper, Aspers, on a charge, filed by state police, of operating a vehicle without being accompanied by a licensed driver.

ISSUE ESTATE LETTERS

The register and recorder granted administration letters to Marian L. Bowlerline, R. 4, in the estate of Michael Boyer, Straban Twp., for the \$900 worth of personal property.

TRY KACHEL ON LARCENY COUNT

Trial of Sherman C. Kachel, Gettysburg R. 5, on a larceny charge, began in Adams County court this morning with a nine-woman and three-man jury hearing the case.

Allies Differ Over U.S. And Moscow Talks

WASHINGTON (AP)—France and West Germany are expected to give reluctant approval to further Washington-Moscow talks aimed at a Berlin settlement. The exchanges would be at the ambassadorial level.

However, the French and West Germans reportedly would prefer to hold off on further East-West exploratory contacts until the Western powers agree to a united approach to the Berlin problem.

This was made clear by diplomatic sources after the Western ambassadorial steering group met for 3½ hours Monday night with Foy D. Kohler, assistant secretary of state.

The British, French and West German envoys and their aides have been meeting almost daily with Kohler, head of the State Department's task force for Germany.

Diplomatic sources, in disclosing the French and West German views, conceded that the gap between the thinking in Washington, London, Paris and Bonn was not bridged when the Western foreign ministers met here in September.

Fraternity Men To Help Chest Drive

Eighteen members of the Phi Delta Theta Fraternity at Gettysburg College have volunteered to help the rural division of the Gettysburg Community Chest in its house-to-house canvass that will begin October 23.

The students, who have been assigned to the Lincolnway West and the Emmitsburg Rd. by Mrs. Druid Deitch, division chairman, include: John Connor Jr., captain of the squad of solicitors; Bruce Stuckel, Robert Gatley, Douglas Collins, Dick Hart, Paul Atkins, Don Wyker, David Eisenhower, Dick Hoffman, Mike Karr, Robert Hall, Robert Ryan, Gary Naughton, Richard Settemyer, John Caulwell, William Baugher, Joseph Hostetter and David Hamilton.

PAPER WORK KEEPS SCHOOL BOARDS BUSY

Paper work in connection with the building of the new senior high school unit and as a result of the reorganization of the joint district after last July's merger of Gettysburg and Freedom Township occupied member boards at special meetings Monday evening and the Gettysburg Joint School Operating Committee at its October meeting which followed the separate board meetings.

The member boards approved resolutions authorizing a lease agreement between the school districts and the Gettysburg School Authority for the erection of the new school. Eight copies of each had to be signed and then the joint operating committee passed a similar resolution at its meeting. Each member board also by resolution had to approve project school budgets for the next two years to be placed on file with the bond issue trustees.

All of the legal work was handled under the supervision of Attorney John A. MacPhail, as legal counsel.

AWARD OIL CONTRACT

The boards also went through the formality of approving a resolution asking permission from the state to conduct a joint school operation under the reorganized school district setup. It was 8:25 o'clock until the joint school committee meeting could get underway but it had completed its work by 9:30 p.m. President Ralph W. Guise presided at the joint committee meeting.

The committee opened four bids for 60,000 gallons of No. 4 fuel oil for use at the high school and awarded the contract to Hess, Inc., Perth Amboy, N. J., at its low bid of 8.72 cents per gallon. (Continued On Page 3)

School Authority Board At Meeting

The Gettysburg School Authority Monday evening at its meeting in the office of Superintendent H. Edgar Riegle in the high school passed a number of resolutions completing paper work in connection with construction of the new high school and decided to interview applicants for the post of "clerk of the works" for the new school construction.

President A. E. Hutchison noted that decision to interview applicants for the post did not bind the authority to hire such a clerk but will put it in the position to move quickly in the selection of a clerk for the construction if it decides one is needed. Applicants should write to Dr. L. C. Keefe, secretary of the authority. Those who send in written applications will be interviewed at a special meeting to be held by the Authority October 23 at 9 p.m. at Superintendent Riegle's office.

Grading and clearing of the area for the new high school building has started and the woods north of Winebrenner's Run to S. Stratton St. has been cleared, according to reports at the authority meeting.

NAMED HOSTESSES

The Farmers and Merchants Trust Company of Chambersburg has announced that the Pennsylvania Apple Queen, Miss Edna Jane Coble, of Aspers, and the Pennsylvania Peach Dessert Queen, Miss Michelle Derriding, of Chambersburg, would serve as official hostesses at the open house, planned by the bank for Thursday from 8 to 9 p.m. This event marks the initial presentation of the 1961 Apple Show of the Franklin County Horticultural Society.

STACKPOLE BOOK LAUDED BY GEN. HILL

General Jim Dan Hill, author of the weekly column, "Let's Look At The Record" (See Page 8), published in The Gettysburg Times, this week highly recommends General Edward J. Stackpole's newest book, "Sheridan In The Shenandoah." He calls it "the best of the series." Gen. Stackpole has written five books in recent years.

Of the book Gen. Hill says: "There is a freshness in the narrative because the campaign has been played down by so many, largely because other major events were in progress elsewhere."

And then he adds: "But General Stackpole makes the most of the last Confederate offensive that enabled the saturnine, vitriolic, irreligious Confederate bachelor general, Jubal Early, to focus his field glasses on the unfinished dome of the national capital."

General Stackpole "makes more use of sharp pen portraits of the major and minor leaders on both sides," continues Gen. Hill. "They cease being bearded shadows with names. They are flesh and blood warriors, committed to a cause and purpose in which they believe."

Sport Model Car Wrecked In Crash

Max Hewitt, 38, Washington, D. C., suffered contusions of the forehead and lacerations of the left ear and left foot when his foreign make sports auto stuck a utility pole two miles west of here along the Lincoln Highway at 10:10 o'clock Monday night.

State police estimated damage to the car at \$1,500 and to the pole, which was broken off, at \$100. Hewitt's foot was pinned under the auto until the vehicle was lifted by a tow truck from Swope's service station. He was then removed to the Warner Hospital in the local firemen's ambulance.

Police were called to an accident at 10:20 o'clock Monday night two miles north of here on the Harrisburg Rd. when, according to the officers, Richard D. Boyer, 18, of 54 E. Water St., driving north, swerved to avoid several cows crossing the highway and his car struck an embankment, causing \$100 damage to the car.

AT ALFRED TECH

William R. Hale, son of Dr. and Mrs. Raymond Hale, Arendtsville, is a member of the Freshman class at the State University Agricultural and Technical Institute, Alfred, N. Y. He is a 1961 graduate of Staunton Military Academy, majoring in general agriculture at Alfred Tech.

Fire Damages Corn Picker On Monday

The Fairfield Fire Co. was called at 3:03 o'clock Monday afternoon to extinguish a fire on a corn picker at the farm of Donald Smith along the Fairfield Rd. Damage was estimated at \$200 to the picker.

A tree hut near the Gettysburg College tennis courts along the Mummaburg Rd. caught fire about 3:30 o'clock Monday afternoon but the blaze was extinguished before the firemen left the engine house.

Gettysburg firemen were also called out Sunday afternoon about 5:11 o'clock to extinguish a car fire on Hanover St. The vehicle is owned by Charles Fry of York.

With Countians In Armed Forces

Sgt. Kenneth E. Smith, stationed in Schwabach, Germany, now receives his mail as follows: Sgt. Kenneth E. Smith, US 32-504567, A Troop, 15th Cavalry, Second Reconnaissance, Fourth Armored Division, APO 696, New York, N. Y. He is the son of Mr. and Mrs. Earl Smith, 117 Hanover St.

Soviet Chemist Defects To West; Wife Returns To Russia After Fist Fight

By HARRY UYTENHAAK
AMSTERDAM, Netherlands (AP)—A defecting Soviet chemist and his wife separated perhaps forever Monday night after a war of fists and words involving airport police, the Soviet ambassador to the Netherlands and Premier Jan de Juy.

Mrs. Alexei Golub flew home to Moscow, leaving her husband under Dutch protection awaiting asylum. At least one Soviet diplomat and one policeman nursed injuries. Soviet Ambassador Pan-teleimon K. Ponomarenko, minus a raincoat button from the brawl, threatened "far-reaching consequences" to the Dutch government.

Climax of the day-long quarrel was the final airport meeting between Golub, 35, and his wife Dutch public prosecutor J. G. de Zaaier called it a human tragedy.

Dies Following Brain Surgery

Mrs. Blanche E. (Swain) Guise, 37, York R. 1, formerly of New Oxford, died Monday afternoon at 3:20 o'clock at the York Hospital. She underwent brain surgery Sunday.

A daughter of Mrs. Burnelle C. (Tate) Swain, New Oxford, and the late Harry C. Swain, she was a native of Gettysburg. Surviving are her mother; her husband, Harvey L. Guise; two sisters, Mrs. Curtis C. Pullman, New Oxford R. 1, and Mrs. Martha M. Kessel, New Oxford, and a brother, Richard Swain, York.

She was a member of the Holtschwamm United Church of Christ and had resided in New Oxford most of her life.

Funeral services Thursday morning at 10 o'clock at the Holtschwamm Church with the Rev. Charles E. Strausbaugh officiating. Interment in the church cemetery. There will be no viewing. Arrangements are being made through the Feiser Funeral Home, New Oxford.

SCOTT TALKS ABOUT COUNTY GOVERNMENT

E. Donald Scott, president of the Adams County Commissioners, and a guest speaker at the weekly meeting of the Kiwanis Club Monday evening at the Lamp Post Tea Room, said the commissioners are "dedicated to the improvement of public service and better public understanding of county government."

He explained that there are two budgets, a general fund and an institution fund, but beginning in 1962 it will operate as one unit. Mr. Scott said there is a county real estate assessed valuation of about \$31 million with a current tax of seven mills or \$217,000. However, an allowance is made for uncollectible taxes of 10 per cent, he said.

He also explained that the occupation tax system was set up in 1866, with no change until the present. He listed the expenditures of the county in the operation in the branches of the county government. Mr. Scott noted that, beginning the first of the year, Adams will automatically become a sixth class county.

Guests at the meeting included five Kiwanians from the Hanover Club, President Ernest F. Schmidt, R. J. Rouser, Gerald Smith, Dr. D. M. Hoffman and Rev. Wm. E. Yingling; Captain Chas. H. Aver, Alexander Griest and J. Wayne Kump of Gettysburg.

Announcement was made of a meeting of the sign committee to be held Friday evening at 9 o'clock in the office of Robert McCoy, First National Bank building.

The meeting was in charge of President Kenneth Foust.

Fire Damages Corn Picker On Monday

The Fairfield Fire Co. was called at 3:03 o'clock Monday afternoon to extinguish a fire on a corn picker at the farm of Donald Smith along the Fairfield Rd. Damage was estimated at \$200 to the picker.

A tree hut near the Gettysburg College tennis courts along the Mummaburg Rd. caught fire about 3:30 o'clock Monday afternoon but the blaze was extinguished before the firemen left the engine house.

Gettysburg firemen were also called out Sunday afternoon about 5:11 o'clock to extinguish a car fire on Hanover St. The vehicle is owned by Charles Fry of York.

OWN FREE WILL?

Monday's arguments resulted from Dutch efforts to make certain the woman was returning home of her own free will.

She appeared at Amsterdam Airport Monday morning with Ambassador Ponomarenko and a group of Russians ready to leave.

THOUGHT OF PARENTS

In the presence of the Soviet ambassador and the public prosecutor, Mrs. Golub told her husband she had to think of her parents at home in the Soviet Union and was leaving without him. The couple has no children.

De Zaaier said he was convinced the woman had not been coerced.

The Golubs arrived last week with a party of Soviet tourists. The husband, a balding, broad-shouldered man, was taken into custody after he walked out of their hotel Saturday night and announced he wanted asylum in the West.

Mrs. Golub had accompanied her husband when he left his hotel but disappeared before the police arrived.

JUROR FORCED TO LEAVE CASE HERE MONDAY

An Adams County jury lost one of its members in midtrial Monday.

While a witness was testifying in the drag-racing case against Mrs. Dorothy J. Bretzman, York Springs R. 1, and Roy Flory, R. 2, Ira Sease, Fairfield, rose and told the court that he had just realized he had been a witness to the events. He said he had not known the names of the defendants and did not realize his connection until he heard some testimony.

Judge W. C. Sheely excused Sease, and called a sidebar conference with District Attorney Daniel E. Teeter and Attorneys Donald G. Oyler and Gerald Walmer who represent Flory and Mrs. Bretzman, after which they agreed to continue with 11 jurors.

Monday afternoon's session of court was devoted to testimony by Mrs. Bretzman; her sister, Doris Rexroth, 15, Fairfield; Flory and other witnesses for the defense.

Flory and Mrs. Bretzman were found guilty by the jury at 11:40 o'clock this morning after 50 minutes of deliberation.

DENIES RACING

Mrs. Bretzman said she had not engaged in racing with Flory on the Fairfield Rd. She said Flory was among those visiting at the home of her mother while she was visiting there on the afternoon of the incident. She said Flory left about a minute before she drove away from the house. She said she passed Flory's car near the intersection of the Fairfield Rd. and a road at the Lower Marsh Creek Presbyterian Church. At that time, she said, Flory was driving about 40 miles an hour and she was driving about 50.

Communists Plan To Defy Court Order

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy—citing Monday's Supreme Court action—says the Communist party must now register as an arm of the Soviet Union and must reveal its members and finances. The party said it would refuse.

Kennedy based his comment on the court's refusal to reconsider its decision upholding provisions of the 1950 Subversive Activities Control Act.

The action, said Kennedy, "means that the Communist party, U.S.A., has exhausted its last legal recourse after years of contesting the order of the Subversive Activities Control Board requiring the party to register as a Communist-action organization."

REVEAL NAME, FUNDS

Kennedy noted that the court will formally issue its mandate in a few days and that the board order will become final 10 days later.

Within 30 days then, said Kennedy, the Communist party must register and file with the Justice Department the names and addresses of the party's officers and members during the past year. It must also give an accounting of its finances and a list of printing presses owned or controlled by the party or its members.

CUBA REPEATS ACCUSATION OF NEW INVASION

By JOSE MARIA ORLANDO

HAVANA (AP)—Fidel Castro's regime accused the United States Monday night of training invasion forces at 20 U.S. bases and nine Caribbean points for another assault on Cuban shores. It said the forces included paratroopers and were stronger than those cut down in the abortive landings last April.

Acting Foreign Minister Carlos Olivares called in the diplomatic corps to press the charges in a 1,600-word note. He claimed the invasion training network extended from Guantanamo Bay to the Panama Canal Zone. He contended that 500 paratroopers were among the forces being readied in Panama.

OTHERS INVOLVED

Olivares asserted that a number of Central-American governments were involved and that the United States was setting the stage for invasion by trying to disrupt relations between Cuba and the other governments through the use of forged documents.

The Cuban note apparently was a preview of the policy speech Cuban Foreign Minister Raul Roa is to give in the U.N. General Assembly in New York this afternoon. Except for the details on training of anti-Castro exiles, most of the charges had been aired by Castro and his spokesman in recent weeks. Cuba also has submitted a complaint to the U.N. General Assembly charging the United States is planning new aggression against the Castro regime.

PAIR WAIT 60 YEARS TO WED

NANTUCKET, Mass. (AP)—Aloysius A. Blaese, 78, of Allentown, Pa., a retired bridge builder, and Miss Anna M. Seifert, 75, of Mount Vernon, N.Y., were married Monday after a wait of 60 years.

Theirs was a romance that began in 1901 when 13-year-old Blaese took Anna canoeing on the Monongahela River. But Anna's father frowned on the marriage so she lived with a sister, Caroline, until the latter's death two years ago.

Through the 58 years, Anna and Blaese never saw each other again but they corresponded faithfully, exchanging presents each at birthdays and Christmas. Neither married. Two years ago Blaese proposed and was accepted.

They were married in a five-minute ceremony by town clerk C. Clark Coffin at the home of Mr. and Mrs. Claude Emmons. The bride's 6-year-old dachshund, a white bow around its neck, squatted at her feet.

The newlyweds plan to stay on this resort island for two weeks, then go to Blaese's Allentown home.

CHARGE CLOWN WITH MURDER

RIVER VALE, N.J. (AP)—Murder charges have been filed against an internationally known circus clown who, police say, has admitted hacking to death his sweetheart because she said he was too old.

"I don't care what you do to me now, my life is over," said Edward Guillaume, 69, when he was arraigned on the charge Monday night.

Slain Monday was Miss Elena Gabrielle Nelson, 49, also a circus performer who had a dog act.

Guillaume, known as "Polidor the Clown," had entered the circus arenas of his native France at the age of 12 and performed with various circuses on five continents. But in recent years he was jobless.

The killing occurred in Miss Nelson's home, Guillaume lived in a one-room shack at the rear of the main house. Prosecutor Guy W. Calissi said Guillaume admitted striking Miss Nelson in the neck and repeatedly stabbing her with several knives.

Must Pay \$20,000 To Slay Man's Son

LOS ANGELES (AP)—Actress Lana Turner must pay \$20,000 to the 13-year-old son of Johnny Stompanato, who was slain in her house.

Superior Court approved the settlement Monday. Stompanato was stabbed to death in Miss Turner's Beverly Hills home April 4, 1958, by her daughter, Cheryl Crane, now 17. A coroner's jury termed it justifiable homicide after the girl said Stompanato had threatened her mother.

Stompanato's divorced wife, Sara Stompanato of Hammond, Ind., sought \$750,000 from Miss Turner and her former husband, Stephen Crane. She claimed negligence caused the death and deprived Stompanato's son, John III, of support.

LONDON (AP)—The Irish Republic is readying a new battalion of troops for service in the Congo with U.N. forces. It will relieve the 1st Infantry Group and the 35th Battalion, which figured in the recent bitter fighting at Elizabethville and Jadotville, Katanga.

Informants said the new battalion would include a number of troops who have already done Congo service and volunteered for a new tour of duty.

FOUR COUNTY SCHOLASTIC GAMES LISTED

Adams County's scholastic football schedule is down to four games this week as Delone Catholic takes a rest with an open date. The Squires topped York Catholic 12-8 for their first win last Friday after four losses.

The opening game in this week's program will be staged at McSherrystown Thursday evening at 7:30 when Bermudian Springs varsity (0-4) tangles with Delone's jayvees (1-2).

WILDCATS HERE

Gettysburg High (1-4) takes on a rough opponent here Friday night at eight when Mechanicsburg (3-2) will be met in a non-league game. The series, which ends with game, started in 1919 and the Wildcats have a wide advantage with 22 victories against eight losses while four games ended in ties. Last year Mechanicsburg won 37-6.

In another Friday night engagement Littlestown (1-3-1) takes on winless Kennard-Dale (0-5) in a Laurel Conference game on Memorial Field, Littlestown.

Biglerville (3-2) faces one of its most difficult assignments against unbeaten York Suburban (5-0) Saturday afternoon at 2 o'clock on the Trojans' field.

AWAITING OK ON H-B FUNDS

HARRISBURG (AP)—The Department of Public Welfare looked to the state and federal governments today for final approval of recommendations for distributing \$10 million in federal Hill-Burton funds for new hospital projects in Pennsylvania.

A special advisory committee to the department's office of general and special hospitals drew up the recommendations Monday.

However, Mrs. Ruth Grigg Horning, public welfare secretary, said none of the allocations recommended by the committee will be final until approved by Pennsylvania's state government, and then the U.S. Public Health Service.

She added that the federal grants recommended by the commission represent about one-third of the total expense of each project.

Billy Hitchcock To Manage Orioles

BALTIMORE (AP)—Billy Hitchcock was named officially today to manage the Baltimore Orioles next baseball season.

Appointment of the 43-year-old Alabamian to his first major league managing job fulfilled predictions by The Associated Press as long ago as Sept. 17. Lee MacPhail, Oriole president, confirmed Hitchcock's hiring before a news conference.

Hitchcock's contract will be for one year, MacPhail said. The salary was not announced, but it was guessed to be around \$30,000. Hitchcock succeeds Paul Richards who quit after seven years to become general manager of the new Houston member of the National League.

LIFE TERMER FILES APPEAL

HARRISBURG (AP)—Seymour Levin, serving a life term for the murder of an 11-year-old boy he had lured to his Philadelphia home, filed an appeal for clemency with the state Pardons Board today.

Levin, nearing 30, was 16 when he repeatedly knifed Ellis Simons in January of 1949. He had lured the younger boy to his home on the pretext of showing him a chemistry set.

In a six-page application, Levin admitted that the crime was heinous. Levin said that he has undergone a thorough transformation and rehabilitation during his confinement at the state correctional institution at Graterford.

The application stated that Levin had been sentenced March 17, 1949. He said he was kept in solitary confinement until July of the following year.

Levin said that, if paroled, he would go to live with his parents, who have since moved to Toms River, N.J.

The appeal probably will come up at the pardons board's December meeting in Philadelphia.

The application was filed by Atty. Morton Witkin of Philadelphia. It showed that he is receiving a \$10,000 fee for handling the appeal. Pardons Board aides said this was the largest fee they could recall for any case before the board.

BULLETIN

GARY, Ind. (AP)—Four men, all foremen, were killed and four others were wounded today by a U. S. Steel Co. laborer who went berserk during a union grievance session.

JUROR FORCED

(Continued From Page 1)

At the Marsh Creek bridge, Mrs. Bretzman said, she thought Flory was about to pass her vehicle, but then dropped back.

She said she turned into the road leading past Plank's Poultry Farm, east of the Marsh Creek Bridge. Flory, following, failed to negotiate the curve and crashed into a ditch at the intersection. She said Flory and George Bucher, Gettysburg R. D., crawled out of Flory's car and Bucher told her no one was injured and she should drive on. She said that she then drove to Bucher's home to tell his wife that there had been an accident. She said she had not known Flory planned to go to Bucher's home. She also said she did not see a car operated by John Luntz, Fairfield R. 1. Luntz testified earlier that two cars traveling side-by-side forced his vehicle off the road near the Robert Wills farm.

Miss Rexroth, who had been a passenger in her sister's car, agreed with her sister's testimony. She said that her sister's vehicle had passed the Flory car and was on its own side of the road when Luntz drove his auto to the berm of the road.

Flory said he was not racing, said his car crashed into the ditch when it skidded "on loose spalls" as he attempted to turn into the Plank's Poultry Farm Rd.

Warrior Jayvees
Are Upset By Bolts

Littlestown High's small but scrappy junior varsity football team downed a seemingly overconfident Gettysburg jayvee outfit 19-6 Monday afternoon on the Thunderbolts' field.

In the opening period the Warriors drove 60 yards for a touchdown the first time they had possession of the ball.

An intercepted pass on the Gettysburg 30 near the end of the first period opened the way for Littlestown's initial score, the six-point coming after straight running plays. The extra point conversion made the score 7-6 at half time.

Another interception, this time on the 10-yard stripe, led to a Bolt score after three plays, late in the third quarter. Littlestown drove 40 yards for its final touchdown in the last period.

Next Monday afternoon the Warriors, 1-1, play at Hanover.

Elsewhere in the United Nations:

Soviet delegate Alexei A. Roshchin assailed the location of U.N. headquarters in New York and suggested it be transferred to Vienna, Berlin or Geneva.

In the assembly policy debate, Israeli Foreign Minister Golda Meir challenged the Arab nations to join in a regional disarmament plan she said could serve as a pilot project for solution of the East-West arms deadlock.

Soviet

(Continued From Page 1)

Mrs. Golub had no passport, her husband having turned it over to the Dutch police. Soviet officials stormed into the airport police headquarters and demanded the passport. Police officer Fritz Veltman refused until he could talk with Mrs. Golub alone.

Fighting broke out between six policemen and six Russians. Ponomarenko was heard shouting, "Do you know I am the ambassador? We are Soviet officials." Veltman emerged with a bloody hand. One Soviet attache had a bruised face.

Ponomarenko, onetime member of the Soviet Communist party's secretariat and an alternate member of the Presidium, was summoned to the Hague to confer with Premier de Quay. A Foreign Ministry spokesman said the premier and the ambassador agreed during a 30-minute meeting that Mrs. Golub would be asked to state her desires in the presence of Dutch and Soviet officials.

Mrs. Golub and the other tourists finally departed aboard a Soviet jet that had waited 8½ hours for them. Her husband was led away by police who said it was virtually certain he will be given asylum.

SEES STEELER WIN

PITTSBURGH (AP)—Four losses in four starts haven't destroyed the confidence of the Pittsburgh Steelers.

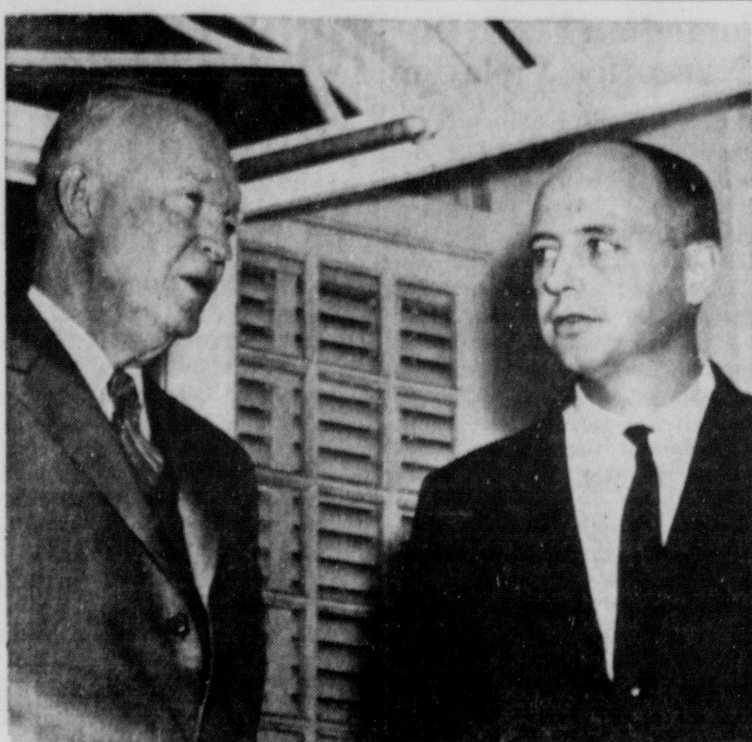

Quarterback Rudy Bukich, who has been playing in place of the injured Bobby Layne, said at a luncheon Monday the Steelers will beat the equally winless Washington Redskins Sunday and keep on winning.

At another luncheon, rookie half-back Bill Mack said, "We were better the last few games. I think we can beat Washington."

STATE CLOSES CASE

POTTSVILLE, Pa. (AP)—The state rested today in the burglary trial of Lillian Reis, 32-year-old Philadelphia night club owner.

The world's longest bridge-tunnel is slowly inking across the mouth of Chesapeake Bay. The 17.6-mile crossing will link Virginia's eastern shore peninsula with the rest of the state near Norfolk.

Mrs. Willard S. Paul presided over the regular monthly meeting of the YWCA board held at the Y Monday evening. Devotions were conducted by Mrs. John Murray. The president reported on the Campaign Gettysburg dinner which she attended on Sept. 27 in the pressroom of the Hotel Gettysburg. The Y needs no changes as it already conforms to the restoration plans of the center of town.

Mrs. Robert Bloom, Mrs. E. J. Nowicki and Mrs. Conway Williams were announced as members of the committee to evaluate the work of the YWCA. Thirty-five new "Sing Along" books will be purchased in the near future for use at meetings held at the Y Miss Virginia Myers told of the Y benefit, dessert card party to be given at the Y Nov. 16 at 2 p.m. by the program committee.

The resignation of Mrs. Lee Hartman as a member of the board was accepted with regret. Mrs. Milton Tipton and Miss Anne Gilliland were welcomed as new members, the former as membership chairman and the latter as representative from the Garden Club.

The Y-teen committee chairman, Mrs. Harold Dunkelberger, told of the recent round-up of Y-teens at which there was an attendance of more than 100. She also announced that the Y-teens will sell Christmas cards and will have a float in the Halloween parade.

MEMBERSHIP MEETING

The annual fall membership meeting and tea will be held Wednesday, Oct. 18. Mrs. Tipton is general chairman. She will be assisted by Mrs. Frank Bruner and Mrs. Robert Wills, hospital-ity chairman Miss Ann Shryock announced that the annual bus trip to the National Cathedral in Washington, D. C., in observance of World Fellowship week, will be made Nov. 12. She also announced the International Fair will be given by the World Fellowship committee and the Y-teens in the pressroom of the Hotel Gettysburg Nov. 18.

It was decided to postpone indefinitely the remodeling of the Y. During the past month, there were 15 adult renewals, 28 junior renewals and one new adult membership.

Mrs. Murray, the Annie Danner club representative, announced donations of \$5 each were voted to the fire company and to the Adams County Home Auxiliary dinner.

RECEIVE REPORTS

The board voted to provide a \$12,000 bond for the treasurer of the High School Activities and the High School Athletic Association.

With Superintendent Riegle acting as board secretary in the absence of Kenneth G. Reinhart Jr., the monthly report of the treasurer, the First National Bank, was read showing a general fund balance of \$68,252 after monthly expenditures of \$83,034 and receipts of \$73,304. The High School Activities Fund balance was reported at \$20,387 and the high school athletic fund balance at \$1,362 after expenditures of \$1,508 and income of \$1,498.

Reinhart is in Toronto attending the annual meeting of the Association of School Business Officials of the United States and Canada.

ELECT HARDY
PRESIDENT OF
HS STUDENTS

Tom Hardy, a senior at Bermudian Springs High School, was elected president of the school's student council in the general election held recently. Other officers chosen include Susan Bricker, vice president; Barbara Miller, secretary; and Joe Wolf, treasurer.

The election ended a week of campaigning by eight candidates seeking the four offices. The campaign committees used bulletin board displays, posters, flags, campaign hats and tags, and speeches as well as personal contacts to influence voters.

TOP MAGAZINE GOAL

Student magazine salesmen topped their \$3,000 goal by \$163.40 in a two-week campaign that ended last week.

Mrs. Roxine Thompson's homeroom of Sophomores topped all other homerooms with sales totaling \$479.97. Donovan Meyers, a member of the high-selling homeroom, led in individual sales since the first day of the campaign to become high salesman. Meyers won \$5 for being the first-day high salesman.

Students winning \$1 each for their part in the campaign were Donald McCauslin, Susan Wallace, Mike Williams, Mary Jane Chronister and Alma Anderson. Other prizes were based on a drawing of names among participating salesmen. Martha Hikes received \$12; Phyllis Harbold, a Freshman; John Tyson, \$19; and Dick Hoffman, a choice between an extension telephone for one year and 50 gallons of gas.

BAND TO APPEAR

Coming band events include participation in activities at the coming on October 21, the York Springs Halloween parade on October 28, and the Hanover Halloween parade on October 31.

Students enjoyed a two-day vacation Monday and today while teachers attended the Adams County Teachers' Institute at Gettysburg High School.

Two local schoolmen, Supervising Principal Amos D. Meyers and Librarian John R. Korver, were members of the institute planning committee. New methods of teaching and solutions to problems were discussed by the teachers at their annual meeting.

The Bermudian Springs Band parents will hold their next meeting on November 20.

PICTURES TAKEN

Individual pictures of students and faculty were taken October 2 by J. N. Rasbach Photo Service. Beginning with the Seventh Graders at 9 a.m., picture taking was finished with the seniors and faculty at 2 p.m.

A skating party sponsored by the senior class was held Friday evening at the Mary Jane Skating Rink, York Springs.

October 3 the seniors received proofs of their pictures taken on September 19 and 20.

RECEIVE AWARDS

Four students received awards recently for their essays in the Hy-Tone Frame Scholarship Contest held last April through June.

Of the several contestants writing a 200-word essay on "Why I Want to Go to College," Senior Martha Hikes won a pen and pencil set, and Juniors Helen Hankey, Susan Bricker, and Carol Shook won notebooks.

Members of the junior class recently received their "61 Rocket Design" class rings ordered from the G. L. Balfour Company last April.

OK ORAL VACCINE

WASHINGTON (AP)—The second of three oral polio vaccines has been licensed by the Public Health Service for manufacture by a pharmaceutical firm.

Pfizer, Ltd., will make the Type 2 Sabin oral vaccine at Sandwich, England. It also received the license for Type 1 vaccine last Aug. 17. The third type of oral vaccine is not expected to be available for several months, the health service said.

Out Of The Past

From the Files of the

FIFTY YEARS AGO
Seeks Fortune Of Rich Old General: Mrs. J. W. Tudor, Springs Ave., is one of the direct descendants of the famous Dutch Gen. Paul Wertz, who are claiming title to an estate of \$180,000,000. Two hundred descendants of the general who live in the United States have been meeting at Rock Island, Illinois, for the past few days for the purpose of devising ways and means of presenting their case to the Netherlands government.
A majority of those attending the Rock Island meeting came from Pennsylvania, their ancestor Jacob Wertz, son of the rich General Paul Wertz, having settled in this state. Mrs. Tudor is about three generations removed from Jacob Wertz and consequently four generations from General Wertz whose estate is now being claimed. She is in direct line of descent and has fully as good a claim as any of the others who have been meeting with the securing of the fortune in view.

5,500 Sunday Visitors Here: Fifty-five hundred visitors kept Gettysburg busy from half past seven Sunday morning until six o'clock in the evening, the excursion trains starting to come at the early hour and continuing arriving and leaving until sundown.
The Western Maryland Railroad brought her Pennsylvania trains from Altoona and vicinity with a total of 1,864 passengers. The Reading brought seven trains from the Central Railroad of New Jersey bringing 3,278 people from Newark and vicinity. The first of these trains arrived at half past seven and the others at intervals throughout the morning. The Pennsylvania trains did not get in until after dinner and the last of these was scarcely in until the Reading station started to send out the New Jersey excursionists, about 20 of whom were left here through some mistake about the leaving time.

Get Congress Of Mothers In 1912: By the decision of the Pennsylvania Congress of Mothers to come here for their next year's meeting Gettysburg gets one more convention for 1912.

This year's meeting was held in Williamsport last week and acting under instructions from Mrs. L. Dow Ott, president of the Gettysburg Parent-Teacher Association, Mrs. Will M. Seligman, the delegate from the local organization gave an invitation for the next year's meeting to be held here. It was accepted and the first week of October 1912 will see the meeting in Gettysburg.

Train Crashes Into Wood Wagon: The Western Maryland passenger train due here at 3:42 p.m. ran into a wagon loaded with wood at a crossing above Fairfield Saturday afternoon completely demolishing the wagon, but doing little other damage, the driver, Trimmer G. Riley, having unhitched the horses when he found his wagon stuck on the track.

The accident was a peculiar one. Mr. Riley was hauling wood from the mountain for W. F. Watson and was crossing the track when the coupling pole of the wagon broke just as he got onto the railroad. He knew the train was almost due and hurriedly unhitched the horses. After getting to a place of safety he started to remove the wood from the wagon.

Driving Accident On Town Streets: The collision of an unknown bicycle rider and a blind horse on West Middle Street Monday afternoon resulted in a runaway in which Henry Boyd, of Goldens Station, and his daughter, Miss Lela Boyd, were thrown from the vehicle in which they were riding. Mr. Boyd being rather painfully hurt.

They were returning from Fairfield, their former home, to Goldens and were driving on Middle street. As they crossed Washington street four young

Today's Talk

ON ARGUING
Over my life's span I have never been able to see much sense in arguing. Opinions are the more easily accepted when you put punch and conviction behind them.

I have found that many people have the habit of fighting conviction. For why I know not. Perhaps because it is a human quality.

I always think it splendid to state your conviction and then let it sink its own way in. Honesty needs no defense. Besides, it accumulates disciples the longer it is let alone to grow of its own accord.

In accepting the opinions of others without argument, you have the opportunity presented for a very just appraisal. Every statement made may be properly pigeonholed and given a label.

We are educated by the opinions of others only as they melt readily into our own, otherwise it is well that they be lost or forgotten.

But to argue! It's like disputing with God the position of the stars.

Things that are not sound sink into oblivion without any push from any of us. They just naturally drop out and die or evaporate.

I have frequently witnessed two intelligent human beings arguing until each mistrusted the other. And I have said to myself: "What difference does it make anyway? Here are two persons in a frenzy because of too much arguing, when they might separate happily after having partaken from the rich hoardings of each."

It takes a deep thinking man to keep silent when warm words wing through the air all about him.

I find it a valuable thing to listen and think, and do as little arguing as possible. I am sure that this is a safe and happy plan for anybody!

Tomorrow Mr. Adams will talk on the subject: "Yesterday's Work"

OFF DUTY TRAFFIC COP
The traffic cop, he bawled them out—

The rich, the great, the low—
At one and all he'd loudly shout
And tell them where to go.
He merely had to wave his hand
Both men and women to command.

All day beneath his awful eye
The populace was swayed;
Men staggered out their reasons
Why

Some left-hand turn they'd made,
And every living soul was meek
And scarcely dared to him to speak.

But when the shades of evening fell
And homeward went the cop,
The little wife he loved so well
Feared neither "Go" nor "Stop."

"You're twenty minutes late," she said,
"I couldn't help it, dear," said he.
And then she told him what was what,
As does your wife and mine.

But did he answer? He did not.
He sat him down to dine.
He piled the peas upon his knife
And meekly listened to his wife.

SCOUTS HOME FROM 22-MILE TRAIL HIKE

The Boy Scouts of Troop 84 and their leaders enjoyed their annual fall Appalachian Trail hike over the weekend. The group covered 22 miles on the trail from Brandtsville to Pine Grove Furnace. They camped overnight at Moyer's Retreat near Rt. 194, pitching their tents and cooking their own meals.

There was a campfire on Saturday night and the Scouts who were taking their first hike entertained the rest of the group with songs and jokes. Sunday morning the Catholic Scouts went to Mass at St. Patrick's Church in Carlisle. Transportation was provided by Assistant Scoutmaster John R. Rudisill. Paul E. Altoff and Henry F. Storm. The Scouts visited briefly after Mass with Sister Mary Casimir, who taught in St. Aloysius Parochial School the past several years, and Sister Mary Melanie, who was stationed here some years ago.

Sunday School was conducted by Assistant Scoutmaster Paul E. Renner, along the trail on Sunday morning. Other leaders on the hike were Scoutmaster Edgar A. Wolfe, on Sunday only; Luther D. Snyder, Paul E. Renner and Victor Reynolds.

Scouts who participated in the hike were Harold Storm, John Prato, Raymond Potts, Robin Weaver, Gerald Altoff, Bruce Fitz, Robert Altoff, John Schuchart, Laurence Altoff, Robert Pittenturf, William Eline, Donald Crabbs, Dennis Gladhill, Walter Mehring, Gary Long, Gerald Sanders, Chris Renner, Larry Hull, Terry Wolfe, Wayne Mummet, William Snyder, Ronald Conover, Robert Sneeringer, Ray Muller, Steven Redding and James Rohrbach.

A board of review, in preparation for the annual fall court of honor, will be held in conjunction with the weekly meeting of Troop 84 on Wednesday at 7:30 p.m. in the Scout room at the Community Center.

LUTHER LEAGUE MEETS

Twenty-eight members were present at the meeting of the Lutheran League of St. John's Lutheran Church Sunday evening. Melinda Karns was accompanist for group singing. A film entitled "Reason for Being" was shown by the pastor, Rev. William C. Karns, who will continue showing films at the weekly meetings through November 12. The society will enjoy the annual hayride on Saturday, October 21, and final plans for the event will be made at the meeting next Sunday at 6 p.m.

PLAN HAYRIDE

Plans for the annual hayride were announced at the meeting of the Christian-Endeavor Society of Christ United Church of Christ on Sunday evening. The hayride will be enjoyed on Thursday, leaving from the church at 7:30 p.m. and returning there for refreshments. The refreshments committee includes Mrs. Donald Wolfe, Mrs. Clyde L. Sterner and Mrs. Harold E. Shoemaker.

Deborah Arentz was leader for the meeting when the program was as follows: Group hymns, "This Is My Father's World" and "Jesus Never Fails"; scripture, Ruth Koons; prayer, Rev. G. Howard Koons; offertory, piano solo, Nancy Koons; topic, "Jesus Teaches New Values—Friendship"; business in charge of Ray Bowman, vice president; hymn, "God Be With You." Bradford Wolfe was appointed to be leader for the meeting next Sunday at 7 p.m.

COMMUNION BREAKFAST

The Holy Name Society of St. Aloysius Catholic Church made plans for the reception of new members and the annual communion breakfast at the monthly meeting held Sunday evening. The reception will take place on Sunday morning, November 12, and the breakfast will follow at the Starlight Room, Dutterer's Restaurant, Rev. Dr. David W. Shaum, Mt. St. Mary's College, Emmitsburg, will be the breakfast speaker. Tickets were distributed to the members in attendance. The deadline for reservations will be November 5.

President Stewart N. Long presided for the meeting and Paul E. Altoff acting secretary. There was a general discussion concerning the new diocesan directives. There was also a reading of the newly established diocesan program, together with the constitution and bylaws by the pastor, Rev. Dr. John E. Metz. Holy Name news letters were presented to each member in attendance. The society will meet again on November 12.

COMEDIAN Freed On Narcotics Violation

PHILADELPHIA (AP)—Night club comedian Lenny Bruce has been freed under \$1,500 bail to await grand jury action on charges of violating narcotics laws.

Detectives testified at a hearing Monday before Magistrate David Keiser that a quantity of drugs and syringes were found in the comedian's room Sept. 29 when he was arrested.

Bruce said doctors had prescribed the drugs as treatment for an illness.

WANYE, FORD STEWART ARE IN BIG MOVIE

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP)—In a time when the movie giants have been disappearing from the Hollywood scene, it's news when two of the remaining greats are working together.

Three, actually. James Stewart and John Wayne are being directed in "The Man Who Shot Liberty Valance" by another legendary figure, John Ford.

When I arrived on Stage 10 at Paramount, both stars were in their dressing rooms. Characteristically, Wayne was on the telephone. Stewart was on the couch. They scarcely had time to say hello when they were called to school.

REHEARSED SCENES

At least it looked like a school—a convas-enclosed classroom—where the actors sat around a table and rehearsed the next scene. Sitting at the head of the table was taskmaster Ford, a rare figure with black eye patch, baseball cap, faded yachting jacket, rumpled cotton pants and brown and white saddle shoes.

Over and over Ford drilled his cast: Wayne and Stewart as the Western heroes, Edmund O'Brien and Ken Murray as the town's drunken editor and doctor, and Lee Marvin as the soon-to-be-perforated Liberty Valance.

"Okay, let's shoot it," said Ford.

The scene called for Marvin to try to get himself elected delegate to the territorial convention so he could sabotage a showdown on behalf of his rancher bosses. Obviously he had no chance against the combined strength of Stewart and Wayne.

YOUNGEST U.S. JUDGE IN P.A. IS GIVEN OATH

By LEE LINDER
PHILADELPHIA (AP)—The youngest federal judge in Pennsylvania was sworn in today—"happy, proud and ready for the hard work of serving justice."

Alfred L. Luongo, just 41, took his oath to protect the United States Constitution and administer its laws from Chief Judge Thomas J. Clary of the Eastern District of Pennsylvania before a throng of relatives and well-wishers. He pledged to judge with honor and humility.

Luongo, when a novice attorney fresh out of the University of Pennsylvania in 1947, served as Clary's law clerk.

"I couldn't have had a better or a wiser mentor," the former Democratic Philadelphia councilman told the Associated Press in an interview. "Thus the judgeship won't be a totally new experience."

FAMILY THRILLED

He also clerked for Justice Curtis Bok of the Pennsylvania Supreme Court, and for Judge Gerald Flood of the State Superior Court. Before entering private practice he was an assistant U.S. attorney here.

"I'm ready now to be a good judge," he asserted confidently. "It's a job he didn't actively seek though is proud to fill. There will be some financial down-grading, describing his earning loss as 'a sacrifice any lawyer is proud to accept.'"

"My family (wife, Dorothy; son, Steven, 14, and daughter, Cecelia, 9) is very thrilled." And so are his Italian-born parents, his six brothers and one sister.

THIRD NEW JUDGE

Luongo is the third new federal judge to take a seat on the Eastern District bench here in the last two weeks. The others are Abraham L. Freedman and Joseph S. Lord 3rd, also Philadelphia lawyers.

He's getting only a temporary office, because of a space shortage in the federal building. A lack of proper judicial quarters, coupled with an enlarged judiciary prompted Congress to recommend construction of a new courthouse in the shadow of historic Independence Hall, about five squares east of the present building.

Philadelphia-born and educated, the usually-smiling Luongo—with silver-rimmed glasses setting off his cherubic features—has been a staunch Democratic party worker since his college days.

NOT A PAYOFF

He emphasizes, however, he didn't get the judicial appointment as a political payoff. In fact, he says, "it came as a surprise, although I know the law well and certainly am qualified."

The Eastern Pennsylvania District now has nine judges plus two senior jurists, who have formally retired though still serving on a special basis. There are two vacancies, the most recent caused by the July death of Judge Thomas Egan, a Republican.

Political considerations, plus ethnic and religious backgrounds, reportedly figured in the naming of the three new jurists by President Kennedy.

HE'S A JEW

Freedman, a former city solicitor highly regarded by Democrats and Republicans; is a Jew. Until he was tapped there was no one of his religious persuasion on the Eastern District bench.

Lord's sponsor was Congressman William Green, Philadelphia Democratic chairman and powerful political confidant of Kennedy. Lord, who first served three months as United States attorney, successfully defended Green on federal conspiracy charges in 1959.

The Italian vote in South Philadelphia and nearby areas is large. This weighed heavily for Luongo.

Has New Process In Printing Plates

PITTSBURGH (AP)—E. I. DuPont de Nemours and Co. says it is using a new process to produce "Dycril" printing plates.

Paul H. Smith, manager of printing sales for DuPont's photo products department, told a news conference Monday the new process makes it possible to plate prices an average of 17 per cent.

He said an improved photopolymer composition decreases exposure time from the present average of 7½ minutes to 2½ minutes. DuPont has invested \$10 million in a 12-year period to perfect the process, Smith said. The news conference followed the opening session of the 75th annual convention of the Printing Industry of America.

Spread Between Farm And Retail Costs Of Food May Cause Indirect Hardships

By RICHARD L. GRAVES
HARRISBURG (AP)—The growing spread between the farm and retail costs of food may be working a serious indirect hardship on producers.

The problem centers on the fact that retail prices since World War II have gone up some 18 per cent. Meanwhile, the farm prices of the same food have dropped 12 per cent.

The difference between the farm and retail price is the marketing cost. It represents a lot of things—advertising, profits, transportation, labor, packaging and many others. The costs of all those

WILL QUESTION RANK-AND-FILE FOR ELECTIONS

By HERB LINNEN
HARRISBURG (AP)—Republican State Chairman George I. Bloom said Monday he plans a series of regional meetings starting next month to sound out rank-and-file sentiment on possible statewide candidates next year.

"We are going to start the meetings as soon as the November election is out of the way," Bloom said in an interview.

Pennsylvania will elect a governor and a U.S. senator in 1962. Gov. Lawrence is prevented from succeeding himself by the Constitution. U.S. Sen. Joseph S. Clark, a Democrat, has said he will seek re-election with or without the support of party leaders.

Bloom said he was just about convinced that former President Dwight D. Eisenhower was out of the picture as far as 1962 is concerned.

Eisenhower has been mentioned frequently in connection with the Senate race. The former chief executive is expected to play a key role in the Pennsylvania GOP's drive to win the state House and Senate seats.

Gov. Lawrence already has indicated that Democratic leaders will start talking about the party's 1962 ticket after the Nov. 7 general election.

Only one statewide office—a seat on the Supreme Court—is up for grabs next month. The Democratic candidate is Justice Anne X. Alper, former attorney general, and the Republican nominee is Allegheny County Judge Henry X. O'Brien.

The places and dates of the meetings will be worked out later, the chairman said.

KILLED IN CRASH

WASHINGTON, Pa. (AP)—A car struck two guard rails and then smashed against a tree near here Monday night, killing the driver, Samuel Williamson, 17, of Washington, and injuring two other boys.

Yankees Win 19th World Series By Bombing Reds 13 To 5 In 5th Contest

By JERRY LISK

Associated Press Sports Writer CINCINNATI, Ohio (AP)—The incredible New York Yankees, with only two RBIs from their fabled M&M flailers, today had revived sagging American League prestige with an almost effortless five-game World Series' decision over the stunned Cincinnati Reds.

True Roger Maris, the new Babe Ruth, hit a game-winning homer in Saturday's third game, but Maris and the ailing Mickey Mantle otherwise let their less-publicized but highly talented Yankee mates go about routing the Reds, four games to one.

In Monday's 13-5 clincher in sun-bathed Crosley Field, John Blanchard, Hector Lopez, Bill Skowron and Cleto Boyer cannonaded the Reds into submission.

LUCKY CASTOFFS
In this series which ended a two-year domination by National League champions—Los Angeles in 1959 and Pittsburgh in 1960—the Yankees won three in a row after Cincinnati's only victory tied the series 1-1 last Thursday.

Many baseball buffs regarded the Reds as a lucky array of castoffs who caught lightning in a bottle by winning the National League pennant after finishing sixth in 1960. They also thought the Reds had a fighting chance in the series after the Maris-Mantle duo which had combined for 115 homers and 270 RBIs almost faded out of the picture—Maris in a slump and Mantle with a painfully infected right hip.

But Cincinnati's big guns never boomed—until a futile salvo in Monday's anticlimactic finale—and the superbly balanced Yankees won their 19th World Series, handing out the worst series thumping since 1954 when the New York Giants bounced out the Cleveland Indians in four straight.

This turned out to be a series of unusual individual performances by the poised and timely hitting Yankees. Personable Ralph Houk became only the third manager to win a series title in his freshman year. The other two were by Bucky (Boy Wonder) Harris of Washington in 1924, and Eddie Dyer of the St. Louis Cardinals in 1946.

RBI LEADER
The Yankee RBI leader in the series was utility man Hector Lopez, a .220 regular season hitter, who drove across seven runs with three hits—including a triple and homer Monday—in 10 at-bats.

Another utility man, rugged John Blanchard, finished fast as Mantle's aching hip limited him to only 11 innings of play. Blanchard drove a game-tying pinch homer in Saturday's game playing right field Monday as Maris switched to center. The 200-pound catcher-outfielder slammed a two-run homer in New York's five-run first and followed with two walks, a double and a single.

Although he figured lightly in Yankee run-production, second baseman Bobby Richardson came through with another spectacular hitting series, matching a five-game record with 9 hits in 23 at-bats for a .391 average. However, Babe Ruth once slammed 10 hits in 4 games.

USED 8 PITCHERS
Although the Reds set a one-man series record by using eight pitchers, and matched another by employing a total of 21 players Monday, the most vital statistic was the final financial report.

Based on a distribution, unofficially, of 34 shares per club from the \$271,289 winner's take, each Yankee was tabbed to collect about \$8,000. Each Cincinnati player would get \$5,200 on the same basis.

Cincinnati suffered the first successive three-game blistering on home grounds since the Yankees turned the same trick on the Brooklyn Dodgers in 1949.

The Redlegs didn't get much help from their two heralded stars, Frank Robinson and Vada Pinson, the bulwark of their attack.

Robinson, who had only 1 hit in 11 trips until Monday's game, slammed a three-run homer and a double—but hit only .200 for the series. Pinson collected only two hits on 22 trips Eddie Kasko, a .271 regular season hitter, led the Reds with 7 hits in 22 at-bats.

BIG FIRST INNING
Monday's windup was just about wrapped up in the first inning when Joey Jay, who had given the Reds their only series triumph with a four-hit, 6-2 victory in the second game, was shelved from the mound in a six-hit attack.

The Red faithful got a chance to whoop it up briefly in the third when Robinson clouted his three-run homer off Yankee starter Ralph Terry, and again in the fifth when Wally Post clipped reliever Bud Daley for a two-run homer.

Jay was followed by a seemingly never-ending parade of Cincinnati throwers. The 6-4, 225-pound right-hander threw 23 pitches before he was dragged from the first-inning carnage. After Jay came Jim Maloney, Ken Johnson,

REBELS OF OLE MISS LEADING GRID ELEVEN

By JACK CLARY

Associated Press Sports Writer

Mississippi's rollicking Rebels took over as the nation's No. 1 college football team today, replacing Iowa of the Big Ten.

Ole Miss, with a 3-0 record this year and unbeaten in 18 games dating back to 1959, was an overwhelming choice by The Associated Press' regional experts, gaining 21st-place votes.

Iowa, named the top team for the first two weeks and in the preseason poll, edged Alabama for third place. Texas was fourth. Michigan State and Michigan, who meet this Saturday, were fifth and sixth, and Ohio State seventh.

IRISH ARE EIGHTH
Notre Dame made its first appearance since early in 1959 for a No. 8 ranking. Baylor, 10th last week, moved up to No. 9, and surprising Maryland, after three wins in as many starts, was 10th.

Dropping from the select list were Syracuse, beaten 22-21 by Maryland last Saturday, and Georgia Tech, a 10-0 loser to Louisiana State. Tech had been ranked third and Syracuse seventh.

The top ten teams with first-place votes in parentheses:
1. Mississippi (21)
2. Iowa (11)
3. Alabama (4)
4. Texas (3)
5. Michigan State (2)
6. Michigan (2)
7. Ohio State
8. Notre Dame (1)
9. Baylor
10. Maryland

MARIS' HOMER IN 3RD GAME WAS KEY BLOW

by HAROLD HARRISON

CINCINNATI (AP)—The boyish looking young man with the crew hair cut got only two hits in 19 times at bat in the five games of the 1961 World Series. He had hit 61 home runs in the extended American League season.

He struck out six times in the series and rarely got the ball out of the infield.

But it was the same young man—credited to Roger Maris—who was credited today with delivering the key blow in the World Series which the New York Yankees won Monday from the Cincinnati Reds.

They beat the Reds 13-5 to take the series four games to one. It was the second time the Yanks have beaten the Reds. They did it 4-0 in 1939.

HOMER IN NINTH
The wallop by Maris was a home run in the ninth inning of Saturday's game and it brought the Yanks a 3-2 victory.

In all the uproar of the end of a series, there were these comments: Manager Fred Hutchinson of Reds: "Maris' home run was the turning point of the series. (Bob) Purkey pitched well enough to win."

Elston Howard, the Yankee catcher: "When we beat Purkey that way, that was it."

Manager Ralph Houk declined to single out any one Yankee player as he said, "I couldn't single out any one player as outstanding. All played their part."

REDS ARE SUBDUED
The Yankees' dressing room was the usual madhouse of a World Series winner and the Reds' club house was subdued. Hutchinson ducked out quickly to go over the congratulatory Houk.

Then he came back to say, "We just got the hell kicked out of us."

Houk was greeted by Baseball Commissioner Ford Frick and Yankee co-owners Dan Topping and Del Webb and the grinning New York manager said:

"It was a hard fought series. I was concerned today because of the injuries to Mickey Mantle and Yogi Berra and I was even more concerned when Frank Robinson hit that three-run homer. But we won."

END OUT FOR SEASON
VILLANOVA, Pa. (AP)—A knee injury has sidelined regular end Sam Giuseini of Villanova for the remainder of the season. University officials reported Monday that the Louisville, Ky., native injured his left knee in the Villanova victory over VMI. Villanova is undefeated with four victories this year.

BISONS, HENS TEAM LEADERS IN MAC LOOP

Bucknell and Delaware, leaders in the race for the university division football crown of the Middle Atlantic Conference, hold the lead in six of eight statistical categories of the conference this week.

Bucknell, victorious in its two MAC games to date, held its lead in passing offense, total offense and total defense, and moved from fifth to first in passing defense.

Delaware, scoring its second straight MAC triumph last weekend in a game with Lafayette, moved from third to first in rushing defense and increased its scoring average to take over the scoring lead.

Temple, decisioning Muhlenberg in its second conference game of the campaign, moved from fourth to first in rushing offense with an average of 229.5 yards a game.

Top in punting in the university division is Lehigh with an average of 38.1 yards a punt.

BISONS AHEAD
In passing, Bucknell has completed 13 of 24 aeriels for 155 yards. The Bisons have limited opponents to eight completions for a total of 15 yards. Bucknell's total offensive effort has netted 277 yards a game, while in total defense the Lewisburg, Pa., eleven has held conference opponents to 109.5 yards a game.

Delaware has contained opponents' ground game to 94.5 yards a contest for rushing defense honors and has average 24 points a game for the top scoring mark.

Muhlenberg halfback Charles Kuntzleman, a senior from Emmaus, Pa., this week ranks as the leading scorer of the Middle Atlantic Conference's university division. Kuntzleman scored one touchdown against Temple on Saturday to bring his conference total to 18 points.

Delaware and Dick Broadbent caught three passes on Saturday to give him a total of six in two conference games and the lead in pass receiving.

Pat Malone, Bucknell, who record did not change this week since Bucknell played nonconference Colgate on Saturday, remains the division's leader in rushing and total offense. He has carried the ball 23 times for 152 yards, an average of 6.6 yards a carry. Malone, 6-0 and 190 pounds, lives in Glenshaw, Pa.

LITTLE IN LEAD
The passing lead changed hands this week as Gettysburg's veteran quarterback Earl Little wound up his second conference game of the season with 15 completions in 34 attempts for 97 yards. Norm Garrity of Bucknell is second with 11 completed aeriels.

Lehigh's Ed Winchester, a junior from Warwick, N. Y., moved ahead in punting this week after averaging 39.5 yards on four punts.

15 PINCH HIT 1 DOUBLE FOR REDS IN SERIES

By TED SMITS

Associated Press Sports Editor

CINCINNATI (AP)—This will be known as the series in which the Cincinnati Redlegs sent up 15 men to pinch hit—and got one double, which had no effect on the score.

In which the Redlegs issued five intentional walks to the Yankees—and on four occasions the next man hit safely, and on the fifth, pinch flier Bud Daley raised a sacrifice fly that scored a run.

In which, with the Yankees leading 11-3 in the fifth game, Vada Pinson led off the fifth inning with a single to center and was easily thrown out at second when he tried to stretch it into a double. The Reds then went on to get two runs, which would have been three or more if Pinson had played it safe.

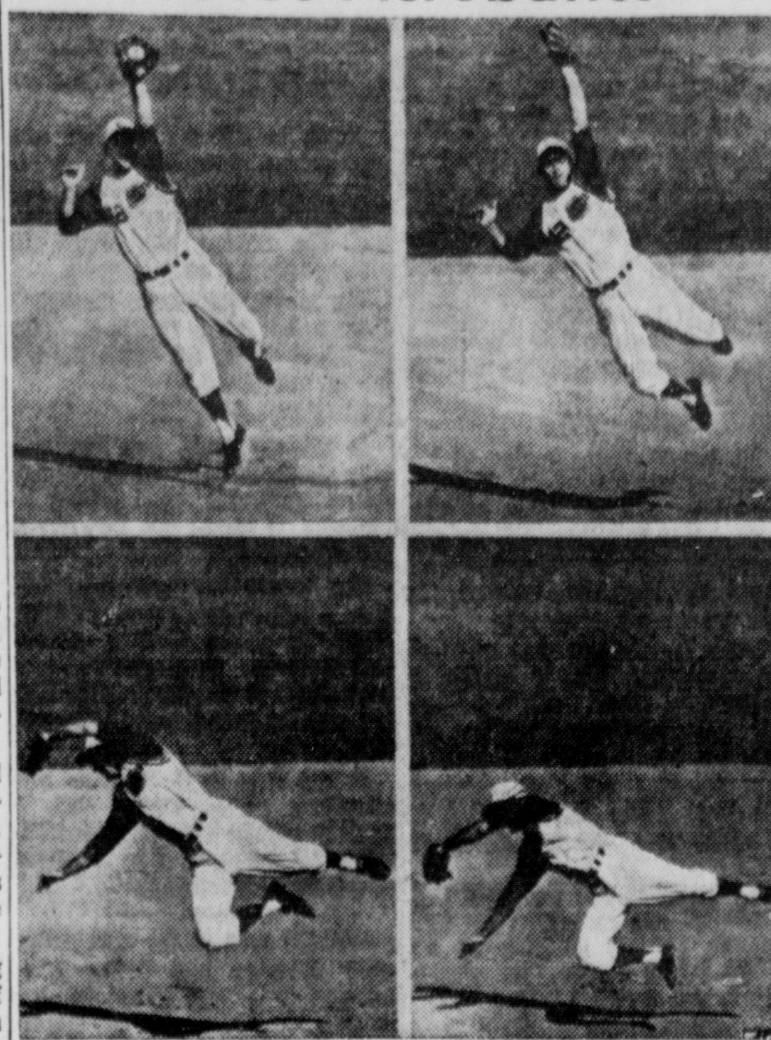

YANKEE POWER TELLS
But when all was said and done, the Redlegs really never had a chance no matter what their strategy was.

The Yankees took the final game 13-5 Monday and the series 4-1 and the reason was Yankee batting power plus pitcher Whitey Ford, who achieved a series mark of 32 consecutive scoreless innings.

Furthermore, the Yankees won with little help from their big guns, Roger Maris and Mickey Mantle. Mantle played only one full game and part of another, and Maris was held in check by Redleg pitching except for the third game when his ninth inning homer won for New York 3-2.

HOUK IS NICE GUY WHO HAS CONFIDENCE

By JACK HAND

Associated Press Sports Writer CINCINNATI, Ohio (AP)—

Ralph Houk is the man to bury for all time Leo Durocher's quip, "Nice guys finish last."

The manager of the New York Yankees is a nice guy to all who know him, a modest, courteous man with the poise and confidence of a budding executive.

Houk rode the hot seat all season long, from the October day a year ago he was named successor to Casey Stengel to the moment his New York Yankees clinched the World Series Monday at Crosley Field.

RIDE IN HOT SEAT
Some say they would like to ride in such a hot seat with all the Yankee millions and home run power at his disposal. The facts are that Houk, working on a one-year contract, had to follow in the footsteps of Stengel, one of the great managers of baseball.

All Houk had to do was win 10 pennants (and seven World Series) to match Stengel's record. Although critics since the days of Joe McCarthy have called Yankee pilots "push button managers," it was up to Houk to prove he could win. He alone knew how important it was to retain the confidence and respect of the players, many of whom he had played beside in his years with the Yanks as a reserve catcher.

There is no "Stengelese" in Houk's conversation. He speaks calmly, directly and to the point. "That feller" that Stengel used to talk about disappeared from the Yankee Stadium clubhouse. Houk named names and answered questions without evading the issue.

MANAGE OWN WAY
"Look, there is only one Casey Stengel," he told visitors at Spring training. "I am Ralph Houk. Casey did an awful lot for me. Without Casey, I wouldn't be here. He was a great manager."

"But you manage your own way. That is the only way you can do it. You don't try to follow anybody else."

Houk set his own rules at the very beginning.

"One thing you'll never hear from me," he said, "is a second guess of any of my players. If I have to talk to him I'll do it in private."

Rutgers Crippled For Bison Contest

NEW BRUNSWICK, N.J. (AP)—The Rutgers football squad counted its injuries and went through a light drill Monday as it prepared for Saturday's game against Bucknell at Lewisburg, Pa.

Coach John Bateman said senior guard Tom Kocaj was a doubtful starter against Bucknell. Kocaj suffered an ankle injury, leaving Bob Harrison as the only veteran at the guard position.

With Harrison playing on one unit, Joe Anstatt and Stan Cherie were named by Batema as possible replacements for Kocaj on another unit.

GRIDDERS DROPPED
Two senior lettermen on the Gettysburg College football squad, Harry Richter, end, and Richie Bainbridge, back, have been dropped from the squad and suspended from school for violation of rules at the college.

BIGLER SCRUBS TOP NORTHERN FOR 2ND WIN

Don Sterner's Biglerville High School junior varsity football team won its second game in as many starts by whipping the Northern Jayvees 32-12 Monday afternoon at Biglerville.

The Cannors scored twice in the first period. On their second offensive play Leroy Wetzel raced 65 yards for a touchdown. Rodney Guise's kick for the point was no good. Wetzel streaked 28 yards following a blocked punt which had put the Cannors deep in Northern territory. Again Guise's kick for the point failed.

Northern tallied in the second quarter on a 10-yard end run by Hollinger. A run for the point was stopped.

Both teams hit pay dirt in the third period. Jeff Horick went over from the six-yard line and Wetzel carried over for the point for Biglerville. The Cannors were soon on another drive but a fumble was picked up by Watson of the Polar Bears who raced 65 yards for the six-point. Again Biglerville halted a run for the point.

Horick ran 10 yards and Fred Hartman 45 for the Cannors' touchdowns in the last frame. Guise carried over for the point following the final score.

Next Monday afternoon York Suburban will play at Biglerville.

SELECT TEAMS FOR NEW CLUBS

By JOE REICHLER

Associated Press Sports Writer CINCINNATI, Ohio (AP)—First

basemen Gil Hodges and Norm Larker of the Los Angeles Dodgers are expected to be the first picks today when the New York Mets and Houston Colts stock their rosters with players of other National League clubs in a special draft.

The draft will bring each of the new clubs 28 players at a cost of \$2.1 million.

The Mets reportedly will take the veteran Hodges, former Brooklyn hero, Larker, who barely missed winning the league batting title in 1960, will go to the Colts.

OTHER PICKS
Other Mets picks were expected to include Chicago Cubs' outfielder Richie Ashburn; San Francisco Giants' catcher Hobie Landrith; southpaw Bobby Shantz of the Pittsburgh Pirates and Dodger right-hander Roger Craig.

The Colts were believed to have their eyes on pitcher Sam Jones of the Giants and catcher Norm Sherry of the Dodgers as well as southpaw Vinegar Bend Mizell of the Pirates and outfielder Gino Cimoli of the Milwaukee Braves.

Each new club must take a total of 16 players at \$75,000 each, and may add eight more at \$50,000 each.

A special premium list of players valued at \$125,000 each also will be made available to the new clubs in the expanded 10-team league. This selection will be made immediately after the regular draft.

Houston and New York can take four "premium" players each from a 16-player list (2 from each club) that includes Darryl Spencer and Dick Farrell, Dodgers; Jack Sanford and Dick Lemay, Giants; Bob Miller and Alex Grammas, Cardinals; Hal Smith and Don Le

DINAH SHORE IS BETTER ON FRIDAY NIGHT

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—The television doctor who ordered a change of time and sponsor for "The Dinah Shore Show" wrote a wise prescription. Dinah returned to NBC Friday night with bounce, irreverence and an amusing new lease on life.

It must have been something of a challenge to the writers and producer of the show to move the Dinah Shore Show from its long-time automobile sponsor to two new ones—a dairy trade association and a distributor of merchandise stamps. But they handled it with style. Dinah made her initial appearance board a cow and remarked ruefully: "Well, there's more than one way to see the U.S.A." The show kidded everything from sponsors to television violence and did it all brightly and lightly.

It has always been a good show, and now it's a better one.

LOOKED UNSURE

One thing you can say about NBC's new "1,2,3, Go!"—it was planned as a Sunday program for young viewers before FCC Commissioner Newton Minow suggested, in somewhat steely tones, that NBC produce some better

Fishing Boat Sinks, 5 In Family Missing

JUNEAU, Alaska (AP)—A fishing boat sank off Lemesurier Island, 77 miles northwest of here Sunday, apparently wiping out a family of five from Tacoma, Wash.

Fishermen said the 37-foot trawler, Partner, may have hit a chunk of floating ice. The bodies of Shirley Moe and her sons, Paul, 6, and David, 7, have been recovered. No trace has been found of Mrs. Moe's husband, Donald, who owned the boat, or their infant daughter, Donna.

ROGER MARIS ANXIOUS TO SEE 4 CHILDREN

CINCINNATI (AP)—Roger Maris simply can't wait for the World Series to end.

"When this thing is over," he said today, "I'm going to run, not walk, to the nearest airport, and shout 'KC, Mo, here I come!'"

programming for children.

The first show Sunday—following "Meet the Press," of all strange positions—was a 30-minute hodge-podge about mountain climbing. We were introduced to the two principals of the show, a bright youngster Richard Thomas and grownup Jack Lescoule, once of the "Today" show. Jack seemed a little unsure of himself in his new host role, but not half as unsure as he looked, clinging to some Central Park, Manhattan, rocks.

MONKEY SERIES

The weekend also brought two new programs into the ABC schedule. They premiered in rapid succession Friday night, but it was not quite rapid enough.

One was "The Hathaways," a situation comedy which is a switch on the usual suburban family show. The suburban couple—played by Peggy Cass and Jack Weston—have three children, but—here's the switch—they aren't really children but chimpanzees. You can just imagine the hilarity when a couple who loathes pets moves in next door.

"Straightaway," the other new series, is built around the adventures of a couple of sports car enthusiasts, but after a quick introduction to them, the program devoted itself largely to scenes of a prize fight in which one man was getting the tar beat out of him.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

The common cold, which costs industry \$5 billion a year, is still one of mankind's greatest medical mysteries. It is responsible for 30 per cent of all our missed days from work.

Hippocrates, the father of medicine, thought the common cold started in the brain. Some scientists today deny there even is such a disease. Others hold it is caused by from one to 50 different viruses.

EARN MORE, OWE MORE

But most doctors say: "There is no known cure for the common cold except rest and time. Most victims will agree."

Prosperity note: The more we earn, the more we owe. Americans today owe more than \$196 billion on the installment plan.

"I miss the children," explained the 27-year-old New York slugger, a father of four children, the oldest four-year-old Susan.

"I want to get away from people," said the man who hammered a record number of 61 home runs during the season and one more in the World Series. "I want to be alone, just with my family. I want to become acquainted with my kids again. I haven't seen them since the first week of August."

HITTING EXHIBITIONS

Actually, Maris will be able to spend only one week in the seclusion of his home and family. He has agreed to participate in a hitting exhibition, along with Jim Gentile of Baltimore and Harmon Killebrew of Minnesota, on Oct. 15-18 in several cities in North Carolina.

"After that, I'm coming back home and stay there a winter," he promised, "except for two or three functions that I have committed myself to attend. I feel good just thinking about it."

Maris went hitless Sunday as the Yankees defeated the Reds 7-0 to take a 3-1 lead in the series.

400 VOLCANOES

Worth remembering: "The faster we go the more we get behind."

Facts to file and forget: The sun weighs about two billion billion tons. The world still has more than 400 active volcanoes. The cricket can throw its "voice"—like a ventriloquist.

Thought of the week: "Baseball honors its no-hit pitchers. Why shouldn't we do as much for our no-hit motorists?"

STRENGTH OF TEN

If science could just figure a way to cross-breed chickens and queen ants, breakfast might be cheaper. A queen ant lays up to 100 eggs a day.

The theory has been advanced that a skilled heavyweight boxing champion could whip a gorilla. But none has volunteered to try. The truth: A fullgrown male gorilla has the strength of 10 average men.

It was John B. S. Haldane who observed, "I've never met a healthy person who worried much about his health, or a good person who worried much about his soul."

Add ill seen to an oil-and-vinegar dressing and serve over julienne beets and crisp greens: garnish with slices of hard-cooked egg. Canned beets are inexpensive and convenient.

ANNUAL LIGHT SALES NEARLY \$300 MILLION

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—More light on the subject—both in factory and office—is giving a boost to an 80-year-old industry.

Makers of commercial and industrial lighting fixtures and installations report sales to factories and offices this year will reach \$300 million. That is more than five times better than the industry did just 14 years ago. Sales in 1947 were \$60 million.

Recommended light levels for office and plants have risen 333 per cent since 1947, according to the Illuminating Engineering Society, the technical voice for the industry. And the increased amount of light provided for office and factory workers has gone up 2,000 per cent since 1917.

LEVEL IS INCREASED

A leading reason is that workers were found to do much better work and turn out more products or office items as the light level was increased.

But there were two other big reasons for the spurt since 1947.

First, the fluorescent lighting fixture, introduced in the late 1930s, caught on rapidly in plants and offices in the years immediately after World War II. The society says this fixture helped create awareness of the usefulness of good lighting in work areas.

Second, the spurt in construction of office buildings and plants that started in the late 1940s opened wide markets to the lighting industry.

All this gladdens the makers of fixtures and the utilities that furnish the juice for them. But there are some major problems, too.

For one, as more light is being created, so is more heat. The increased heat from the extra lights can overburden air-conditioning systems, as architects and engineers will tell you.

UTILIZING HEAT

Engineers are working on the utilization of heat from the fixtures in the heating installations for buildings. Another solution proposed is dissipation of the heat from lighting fixtures into cooling towers.

The second problem facing the industry is one of salesmanship. Although making big sales gains in recent years, fixture makers and installers contend that many factories and offices are still well below the standards set by most of the newer buildings.

One maker of commercial and

industrial lighting equipment, Day-Brite Lighting Inc., St. Louis, Mo., says many of the older office buildings and plants still have their original equipment, while others aren't yet up to recommended levels. Officials of the firm say that the recommended light level is 100 footcandles, and the national average is less than 35. A footcandle measures the light in one square foot given by one candle.

CRESSON, Pa. (AP)—A car collided with the rear of a tractor-trailer while traveling down on steep grade Sunday night, killing Edward Strickler, 66, of Duncansville.

State police said Strickler had passed a number of cars and was swinging back into the right lane at the time of the crash. The truck driver was not hurt.

The mishap occurred on U.S. 22 on Cresson Mountain near this Cambria County community.

OSLO (AP)—Norway's government declared Monday that despite its recent election setback it will continue to strengthen the nation's defenses as part of the Atlantic alliance while still banning nuclear weapons on Norwegian soil.

Opening the new Storting (Parliament), King Olav V in a speech said there will be no changes in foreign policy as a result of the Sept. 11 election.

TOYMAKERS TO SEEK BUSINESS THROUGH YEAR

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—You'd think the nation's toymakers wouldn't be thinking of anything today but Christmas. From now till then 70 per cent of their annual output is bought by the public.

But toymakers would like to sell more toys earlier in the year—sort of give Santa Claus a year around job. So the First Annual Spring and Summer Toy Market Week is opening here today. This is the time to get retailers interested in post-Christmas buying and promotions.

This new accent on outdoor playthings and other spring and summer toys doesn't mean the toy makers are downgrading the Christmas season. They want to sell just as many in the closing weeks of the year as ever. But they'd like to raise sales in the first nine months of the year to parity with the closing quarter.

TREND HAS BEGUN
The trend already is that way. Before the war only 15 per cent of the annual output was sold in the earlier months, and now it's 30 per cent. The toy industry thinks it should be a 50-50 split.

Since total sales this year are expected to be about \$2 billion, with \$1.4 billion of that still to be realized. Retaining this Christmas figure and boosting earlier sales to parity would give a pleasant \$2.8 billion. So that's what toy makers are thinking about this week.

That's a lot of money. But toy sales have been growing rapidly in recent years. There has been a big jump in buying scientific toys, with all the latter-day miracles in real life adding to the demand in the make believe field.

YEAR-AROUND PRODUCTS

Ideal, Transogram, Remco and many others are already in the outdoor and summer-toy business. A. C. Gilbert Co. is entering the field this year with a line of ready-to-fly plastic model planes.

Up to now the company has been known for such indoor playthings as Erector sets, American Flyer trains, and science sets.

Making and selling toys on a year-around basis helps keep plant, machinery, engineering staffs, shipping facilities and all the like operating at peak capacity all the time.

Missiles, space vehicles, super-sonic planes—all inspire toy makers looking for outdoor, or year-around, products. Hence the Gilbert plane model with mufflers and an automatic copilot to help the really young operator.

The company also is entering the field of electronic toys and offering new types of microscopes and telescopes.

ENGINEERING SETS
Lionel, noted for toy trains, has introduced a line of electronic and plastic engineering sets.

Infrared Industries sells most of its products—infrared detectors for missiles and satellites—to the government. But it is entering the toy field with a two-way phone. This will send the voice hundreds of yards without wires if the line of sight isn't broken. The phone will operate through glass, and the voice can be reflected off mirrors.

General Electric is offering seven assembly kits in the transistor electronics field. Included are laboratories and kits for transistor radios, analog computers, and transmitters.

Toy makers also offer small copies of atomic submarines, rockets, missile-launching sites—sometimes with an accuracy that alarms the nation that defense secrets may be divulged. The toy makers insist the details are all publicly known anyway.

MADRID (AP)—Spanish security police Monday held 17 former French army officers and politicians who have been waging a campaign from exile against President Charles de Gaulle's Algerian policy.

Police named only five of those in custody. Ex-Gen. Raoul Salan, regarded as the master mind of the rightist European underground army in Algeria, apparently was not among those rounded up.

3 LABOR MART GAINS LISTED

HARRISBURG (AP)—Three Pennsylvania labor market areas experienced employment gains in September, the State Labor and

Industry Department reports. They are Allentown-Bethlehem-Easton, Reading and York which were upgraded from areas of substantial unemployment to areas of moderate unemployment.

The state department said over the weekend the ratings for September were compiled by the U.S. Department of Labor.

It said that while Scranton remained in the substantial unemployment category, the area showed some improvement. No other Pennsylvania labor market categories were changed in the ratings, which are released every 60 days.

Says Philadelphia Must Yield Seat

PHILADELPHIA (AP)—Gov. Lawrence has indicated Philadelphia must give up one of its six seats in Congress before an agreement on reapportionment can be reached, the Philadelphia Inquirer reported Monday.

In a inquiry by Joseph H. Miller the Inquirer said:

"Lawrence, it was reported, during a conference at the Bellevue-Stratford last Tuesday with Green (Philadelphia Democratic Chairman William J. Green) and James P. Clark, Philadelphia Democratic finance chairman, said the party cannot afford a statewide fight for congressional candidates."

Unless Republican and Democratic leaders settle the question of how to reduce Pennsylvania's House seats from 30 to 27 by mid-February, all the seats must be filled on an at-large or statewide basis.

GOP WILL ASK DEFENSE CUT

WASHINGTON (AP)—President Kennedy's probable request for a \$50-billion defense budget will be met in the next session of Congress by an all-out Republican drive to cut civilian spending.

Sen. Styles Bridges, R-N.H., and Senate Republican Leader Everett M. Dirksen of Illinois are expected to put before the Senate Republican Policy Committee early in the session proposals for a concentrated attack on New Frontier domestic programs.

Because of recurring world crises, Republicans are unlikely to offer any serious challenge to increase in military outlays, which could set a new peacetime record in the fiscal year beginning next July 1. The current year's \$46.66-billion arms budget is up about \$6 billion from the last year of the Eisenhower administration.

TO ASK CUTBACKS
The Republicans are certain to call for cutbacks in domestic spending and to resist new programs Kennedy is likely to suggest. In this effort, GOP members expect strong support from Southern Democratic conservatives.

This informal alliance has demonstrated that it can work effectively in both the House and the Senate, particularly on budgetary issues. On this common and familiar ground, most Dixie Democrats have no political qualms about opposing their president.

The dove will mercilessly peck an opponent to death.

SAYS VETERAN, VOTER IS NOT U.S. CITIZEN

CHICAGO (AP)—For 15 years a German-born salesman, Joseph Schallmoser, has been a registered voter. He is a thrice decorated U.S. veteran of World War II.

But last week the Immigration Service told Schallmoser he is not a U.S. citizen. Unless he applies for citizenship, the service says, Mr. Schallmoser will be Herr Schallmoser.

"I am a citizen. I've been a citizen almost all my life," said the 36-year-old salesman who came from Germany with his parents in 1929 when he was 6 years old.

OTHER PERSONS

"If I sign these papers and send in my five dollars, it's easy enough for me," he said. "But what about the thousands of other guys in the same situation?"

Schallmoser's troubles with the Immigration Service began last week when he tried to be a witness for a friend being naturalized.

Immigration authorities ruled Schallmoser's voting card, Army discharge, and father's naturalization papers were not enough.

"You are technically not a citizen," immigration officials told him.

"I was more than a little shocked," said Schallmoser. His father was naturalized when Schallmoser was still a minor in the mid-30s.

MUST HAVE PAPERS

Schallmoser said he always listed his father's naturalization number with a note that it was not his. "No one ever questioned it before," he said.

"If the government recognized that I had been a citizen for 9½ years in 1943," said Schallmoser, "I don't see how I can not be a citizen now."

Irving Freedman of the Chicago Immigration office said Schallmoser must have his own naturalization papers.

"Sure he's an American, but he needs something to prove it," Freedman said.

But Schallmoser says he won't sign a citizenship application. "Either you've got all the rights of a citizen or you have nothing," declared Schallmoser. He and his wife, Betty, have three children, the oldest 13, the youngest 2.

Only United Nations representatives, church leaders and diplomats can cross freely between the Jordan and Israel sectors.

FOUR CHILDREN PERISH IN BLAZE

WARREN, Ohio (AP)—Four children died in a fire at a two-story frame home of the Kenneth Sours family on Niles Road Monday.

The parents both escaped, along with one son, Paul. The fire was discovered on the second floor shortly before 9 a. m. One other child, a 10-year-old girl named Bobbie, had left for school.

The victims were tentatively identified as Peter, 2½, a twin brother of Paul; Susan, 4½; Kenneth Jr., 6, and Christopher just over a year old.

All the children were in a single bedroom. The father said he was awakened by smoke, but flames drove him back when he attempted to enter the bedroom.

The father works late on Sunday night and was sleeping at the time. The mother apparently awoke to get the girl off to school, then went back to bed. Both parents were hospitalized.

Negro Held In Murder Of Girl

PHILADELPHIA (AP)—Nathan Millhouse, 18, was being held without bail today to await grand jury action in the fatal wounding of a 10-year-old girl.

Police said Millhouse told them he fired one shot from a .45 caliber pistol Saturday night, intending the bullet for a teen-ager with whom he had previously had a fight.

Police said the bullet pierced a doorway and struck Geraldine Rush in the eye, killing her.

Millhouse and Daniel Blacks, 16, accused of being an accessory, received a hearing Sunday. Blacks was ordered sent to the Youth Study Center. Police said Blacks admitted giving the pistol to Millhouse.

All involved are Negroes, police said, as was the dead girl.

ALTOONA, Pa. (AP)—Mrs. Mary Wolf, 72, of Hollidaysburg died Sunday night in Altoona hospital. She was admitted Sept. 15 in critical condition from injuries suffered in an auto accident.

The Blair County coroner's office said an autopsy would be performed to determine if Mrs. Wolf died from the injuries or from natural causes.

TUNIS (AP)—The Algerian rebel government met Monday to decide whether the time is ripe to resume peace talks with France. The rebels were reported strongly inclined to renew negotiations as soon as possible.

Informed sources said the meeting would last two to three days and no final communique was expected.

SAYS PERSONS ON RELIEF WHO COULD WORK

WASHINGTON (AP)—Rep. Carroll D. Kearns, R-Pa., says there are some persons who would rather collect unemployment pay than work for less money.

Some jobs in the United States are going begging, Kearns said in an interview Sunday.

Citing the need for harvest laborers in the grape fields and orchards in Erie County, Pa., Kearns said:

"We have unemployment up there and yet when the grapes are picked Puerto Ricans will be brought in to do the job."

Erie County is the largest of three counties which make up Kearns' district.

Even though grape pickers are paid \$1.50 an hour—more than the federal minimum wage—a number of the unemployed prefer to collect unemployment compensation rather than go to work in the fields, said Kearns.

INTERESTED IN WORK

Because of the situation, said Kearns, he is interested in work of the House Migratory Labor subcommittee.

The congressman, ranking Republican on the House Labor Committee, said that if he can take time off from speaking and other engagements in his home district, he may go along with the subcommittee on a tour later in the year. The subcommittee plans to visit Jamaica, Mexico City and possibly San Juan to study the jumping-off places for the migratory labor supply in the United States.

Kearns said he also would like to accompany the House subcommittee studying the impact of imports and exports on American employment on a trip to the West Coast and across the Pacific. Rep. John H. Dent, D-Pa., heads the imports study committee. Dent was reported presently making observations on import-export business in Western Europe.

Let's Look At The Record

INEXHAUSTIBLE THEME
Civil War Still Provides More
Reading Than World Wars I And II

By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

WORLD WARS I AND II definitely have not replaced the Civil War in the reading tastes of the public. It is not due to the current, so-called Centennial interest in our forefathers.

Books on the Civil War have been streaming from the presses ever since Lee surrendered. Right while the World War II statesmen and generals were flooding the market with their memoirs, Freeman's three volumes on "Lee's Lieutenants" were reaching more readers than all but a few top-drawer contemporary memoirists as Churchill.

THE CIVIL WAR Centennial has tended to focus attention on nonfiction. In this field the Civil War has a definite advantage over World Wars I and II.

Among other things, it happened at home—in America—often just down the street from where the reader lives. Moreover, the friend against friend, classmate against classmate, brother against brother nature of the war also offers inexhaustible themes and emotions. The men and women who experienced them have left many unpublished memoirs and personal accounts that have been emerging from attics and old trunks ever since. They inspire new fiction and often result in belatedly published memoirs.

Size is another advantage enjoyed by the Civil War as an area of literature. It was small enough to understand, but big enough in the affairs of a growing great nation to be superdramatic in every phase. The World Wars have been too far away; too big; too com-

plicated; too fraught with diplomatic lies and the double cross. The Civil War makes for closer, cleaner, more accurate concepts.

WHEN DOUGLAS SOUTHALL Freeman finished his stupendous, four-volume biography of Robert E. Lee, and immediately trumped it with three volumes entitled "Lee's Lieutenants," the historical reviewers sagely rocked their heads in admiration. They further opined that the brilliant Richmond editor and Army Reserve colonel had, thanks to his 25 years of research for these books, left nothing more to be written on the Virginia Campaigns of the Civil War.

What they failed to consider was the above mentioned inexhaustible nature of the Civil War as a source of all forms of literature, especially military history, and combat adventure.

MAJ. GEN. ED. J. STACKPOLE, RET., proved this conclusively with his "They Met At Gettysburg," 1956. In view of all that has been written about that famous campaign that was climaxed in the battle, he must have approached the task with great trepidation.

But to understand fully the battle himself, he had made a new approach and found a new understanding. It was to pass it on to the public that he apparently wrote this, his first book. It has been through several printings and is still enjoying a lively sale.

Thus encouraged, Gen. Stackpole applied the same approach, lucid style, and lavish use of changing situation maps to "Drama on the Rappahannock: The Fredericksburg Campaign."

1957: "Chancellorsville, Lee's Greatest Battle," 1958, and "Cedar Mountain to Antietam," 1959.

Thus the general is certainly plowing the same field as did Col. Freeman, and doing quite well with a rotation crop.

MOREOVER, the general is still farming that field. This week his "Sheridan in the Shenandoah: Jubal Early's Nemesis" arrives in the book stores. In some respects it is the best of the series. There is a freshness in the narrative because the campaign has been played down by so many, largely because other major events were in progress elsewhere.

But General Stackpole makes the most of the last Confederate offensive that enabled the saturnine, vitriolic irreligious Confederate bachelor general, Jubal Early, to focus his field glasses on the unfinished dome of the National Capitol. With a bit more boldness, Early could have duplicated the British stunt of burning it. General Stackpole proposes.

It was to the Civil War what the Battle of the Bulge was to World War II. In the end it hastened the Confederate collapse, but not until Washington had received a real scare.

THE AUTHOR is hardly so lavish with changing situation charts, as in earlier books, but he continues with the same fast moving, lucid style.

He also makes more use of sharp pen portraits of the major and minor leaders on both sides. They cease being bearded shadows with names. They are flesh and blood warriors, committed to a cause and purpose in which they believe.

And this last is another factor that makes the Civil War an inexhaustible source of literature. The idealistic mass sincerity of both sides are qualities of which Americans are proud. The Southerners were devoutly sure of the right of secession; the north was equally sure the Union should be preserved.

A Lovelier You

By MARY SUE MILLER

THE WEIGHT GAME. A lovely writes: I lost two inches around my hips by performing your hip reducing routines and that pleases me. But during the same period, I gained several

pounds, which worries me. I have never been overweight, only hippy. What can the matter be?

The answer: The plight is not uncommon. Many a woman's figure plays a game of put-and-take. The reason is found in the relationship of exercise and diet.

The principal purpose of spot reducing exercise is to trim measurements, either by dislodging fatty deposits, firming tissues and muscles or redistributing flesh. Some routines work all three ways.

Diet—what you eat, a lot or little—controls your weight. When your calorie intake exceeds the norm, you gain; cut back and you lose.

It follows that you can trim inches and increase pounds at the same time. Just exercise a lot and eat a lot more! There can be no other explanation for the inconsistency.

Except in instances of underweight, an exercise program is no license to increase your calorie intake. Yet loads of lovelies seem to think they have done such a good deed by exercising, they deserve the reward of an extra tidbit or two.

Let's get it straight, girls. Exercise is its own reward! **LOSE WITHOUT BLUES**

Weep no more about excess weight! You can lose without hunger pangs, fatigue and flabby aftermaths. Just send for "Lose Without Blues"—a 16-page booklet that gives delicious menus, easy spot-reducing exercises, dieting tricks, your model weight and how to maintain it. For your copy, write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a long, self-addressed stamped envelope and 20 cents in coin.

Step-up Drive Against Truckers

HARRISBURG (AP)—The Public Utility Commission is stepping up a drive against illegal trucking operations in Philadelphia as the result of a growing number of complaints from legitimate truckers.

The PUC over the weekend ordered its enforcement agents to Hill.

Wyomissing Band Inc. won the band division, Chester High School was second and Emmaus Fire Company third.

TREAT 23 FOR FOOD POISONING

WASHINGTON (AP) — Twenty-three members of the West Philadelphia Mothers Club, on an excursion to a Roman Catholic seminary, were treated at two hospitals Sunday after they were apparently stricken with food poisoning.

None was believed to be seriously ill.

Dr. S. Ross Taggart, director of preventable and chronic diseases in Maryland's Prince Georges County, said several other persons among the group of 80 visitors were treated at the seminary for nausea.

They had come from Philadelphia by bus to visit the Christian Brothers Ammendale Normal Institute, Beltsville, Md. Most of them are relatives of boys in the school who are studying to join the order.

Taggart made the preliminary diagnoses of food poisoning. He said all those stricken had eaten earlier at the institute.

crack down on "Gypsies, fly-by-nights and all other haulers operating without permits." The PUC said its action was supported by the Pennsylvania Motor Truck Association.

The commission said it will hold public hearings on complaints of illegal operations against Mrs. Paul's Kitchens and the Quaker City Cold Storage Co., both of Philadelphia.

SCOUTS FAIL COMPASSTEST

WESTHAMPTON, Mass. (AP) —A compass test for five young Boy Scouts was something less than a success—they became lost in the dense woods of Pisgah Mountain for 23 hours.

A search party found the Scouts 11 to 15 years old, huddled around a camp fire shortly before noon Sunday. They were tired, hungry, thirsty and chagrined.

Police Chief Earl Gett said Scoutmaster Chester Wronski told him he left the boys Saturday morning. They had compasses and a topographical map, and were to have hiked to Norwich Lake, eaten lunch there, then met Wronski at Pine Island Lake at 4 p.m. When they had not arrived three hours after the appointed rendezvous, Wronski notified police.

The boys said darkness arrived before they came in sight of Pine Island Lake so they lit a fire and decided to stay put. They had one flashlight and some candles, canteens but no place to fill them, no sleeping bags and no food.

Count on a whole fresh pork tenderloin weighing from ¾ to 1½ pounds. You'll need to allow at least ¼ pound per serving.

An institute spokesman said he understood some of the visitors had eaten previously in a restaurant between here and Philadelphia. He said about 100 residents of the school had eaten the same food the visitors had but only one of the residents was affected, mildly.

DEATHS

ILLIGEN CITY, Minn. (AP) —Harold E. Wood, 64, president of the Minneapolis-St. Paul Stock Exchange and chairman of the board of the National Association of Securities Dealers, was killed in a traffic accident Saturday.

LONDON (AP)—The Rev. Brian Hession, 52, an Anglican clergyman who started an anti-cancer campaign seven years ago when American doctors gave him only three days to live, died Thursday of cancer, it was announced Sunday.

OAK PARK, Ill. (AP)—Arthur R. Kaiser, 73, retired general manager of Sears Roebuck and Co.'s tax department and author of several books on taxation, died Sunday.

BADEN-BADEN, Germany (AP)—Reuben E. Sommer, 62, president and general manager of the Keystone Steel and Wire Co. of Peoria, Ill., died Sunday. Sommer was in Germany on a vacation trip with his wife.

SHELANDOAH, Iowa (AP) —Raymond H. Sawyer, 66, widely known agriculturalist and broadcasting executive, died Saturday. He was secretary of the May Broadcasting Co. He was born in Prairie City, Ill.

forecast for ENERGY

Increasing use of power on U.S. farms will help double our energy needs by 1980

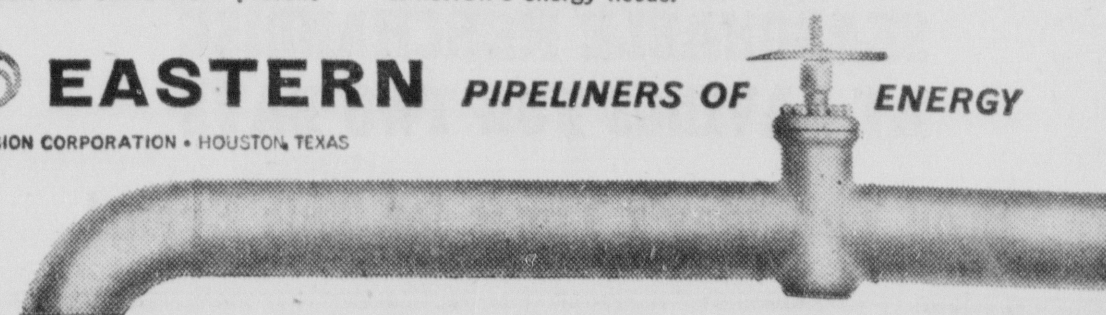

Each year the nation's farms are expanding their use of machinery. For example, 40% more tractors are in use now than 10 years ago. Growing use of fuels on farms, as well as in factories, in homes, on the highway, and in the air is the reason why the nation's demand for energy will double by 1980.

Where will it come from? Much will come from present

energy sources, some from new ones. Whatever the source, a large share of energy in its most efficient and usable forms will be transported via pipelines. Texas Eastern's Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Our natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

Congressmen Now To Visit Abroad, Talk Politics; Goodling To Go Hunting

By JOHN KOENIG JR.
WASHINGTON (AP) — What does a member of Congress do when the House and Senate aren't in session?

A survey of the 32-member Pennsylvania delegation shows a great variety of activities.

They range from vacations—mostly brief — to congressional trips abroad and electioneering at home for fellow party members.

Sen. Joseph S. Clark, D-Pa., is due in New York today aboard the U.S.S. United States after a swing around Europe and the Soviet Union.

Clark has informed his staff here via postcards that he had completed his itinerary of attending sessions of the world bank and international monetary fund at Vienna; visited his brother-in-law, chief of the United States legation at Bucharest; talked with some top Soviet officials in Moscow, and studied housing programs for the elderly at Stockholm.

HOLD COMMITTEE HEARINGS
On Oct. 18 Clark begins Senate subcommittee hearings in Philadelphia on housing problems of the elderly. The hearings will continue at Scranton on Oct. 20 and in Pittsburgh in November.

Sen. Hugh Scott, R-Pa., spoke in Dallas, Tex., Friday and will be making other speeches around the country and in Pennsylvania later. In November he will attend the NATO parliamentary Conference at Paris.

Rep. Francis E. Walter, a Democrat and dean of the Pennsylvania delegation in the House, has completed post-congressional session hearings of his House Un-American Activities Committee and will attend a meeting of the International Committee on European Migration at Geneva, Switzerland, beginning Oct. 14.

OTHERS AT HOME
Rep. Ivor D. Fenton, chairman of the Keystone State Republican

delegation, is contacting constituents in his home Schuylkill County.

Also back in their home districts are Reps. John C. Kunkel, R; Leon H. Gavin, R; Willard S. Curtin, R; Paul B. Dague, R; William H. Milliken, R; Herman T. Schneebeli, R; Carroll D. Kearns, R; George M. Rhodes, D, and the six members from Philadelphia and four from Allegheny County.

For Rep. William J. Green, Philadelphia Democratic chairman, and the other five Quaker City Democrats, the Nov. 7 Pennsylvania election is of prime importance. As ward leaders, they all will be out rounding up votes.

Rep. Richard S. Schweiker, Lansdale Republican, is touring his district but will be back in Washington for hearings of a House government operations subcommittee in late November.

Rep. George A. Goodling, York County Republican, said he missed a hunting trip out West with his sons due to the length of the House session but still intends to do some hunting.

Rep. Thomas E. Morgan, chairman of the House Foreign Affairs Committee, is carrying on his medical practice at home during the day, and politicking at night, his aides here say.

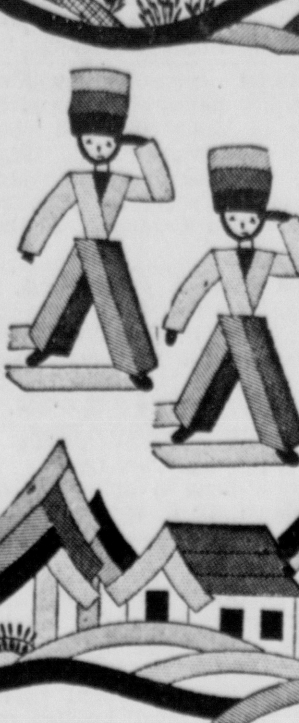

Aboard at present are Rep. John H. Dent, D, in Europe, and Rep. Daniel J. Flood, D, in Central America viewing possible routes for a second Panama Canal.

Due to put in time on Army, Navy and Air Force reserve duty during the congressional recess are Reps. James E. Van Zandt, R; John P. Saylor, R; William W. Scranton, R, and Frank M. Clark, D.

The Mt. Washington Carriage Road, 100 years old this year, is the oldest toll road in the United States still in operation.

TWO OLD GRID RIVALS CLASH

PITTSBURGH (AP)—The West Virginia Mountaineers are just itching to get their hands on the Pitt Panthers in their annual football game Saturday.

That's the word from Athletic Director Robert Brown of West Virginia who addressed the Curstone Coaches here Monday.

"We really have two seasons," Brown said. "One against Pitt and the other against the nine remaining opponents. Our rooters have been saving up for two years for this game and they figure they have a chance."

Brown said the Mountaineers are fired up for the game. At the same time, he judged the Panthers to be "frustrated" and "hungry."

West Virginia upset Pitt in 1959, then didn't win a game until

last Saturday when they trounced Virginia Tech 28-6.

Brown pointed out that the West Virginia squad is in its best physical shape of the year. Pitt, on the other hand, will be playing without guard Rege Coustillac. He injured a knee against Washington last Saturday.

ADDRESS CONVENTION

PITTSBURGH (AP)—One of the "forerunners of the Peace Corps" is the Women's Labor Zionist Organization of America, says the wife of the U. S. Secretary of Labor.

"In a humanitarian and constructive spirit, you have helped the men, women and children in Israel help themselves," Mrs. Arthur Goldberg told the group, known as the Pioneer Women, at its 17th national biennial convention Monday.
